Dear Sue

REF: CDN/24/0162 – Our Lady's RC High School Alworth Road – **Condition 9 (contaminated land)**

I write with regards to the discharge of condition 9 of the above planning application. We have previously submitted WML Validation Completion Report (ref 9670G-WML-XX-ZZ RP-G-0003, dated March 2024) however you have since requested waste management records.

All excavated arisings from this project were to remain onsite and was regraded accordingly, and therefore there is no waste management records to produce for removal from site. Therefore, we trust that the Validation Completion Report submitted is suffice to discharge this condition.

Regards
