Memorandum

To	Joshua Lee
From	Leanne Chapman
Date	25 September 2024
Subject	**141033/TEL/2024** **Prior approval for the addition of antenna to existing 15 metre high telecommunication mast.**

We have reviewed the above application in relation to highways and our comments are as follows:

CONTEXT:

The application is for the Prior approval for the addition of antenna to existing 15 metre high telecommunication mast at Adjacent To 28 Kingswood Road, Manchester, M14 6SB.

HIGHWAYS RESPONSE:

Both the mast and associated antennas and cabinets appear to be placed at the back of the adopted footway. However, it is unclear how large the equipment is and how much footway will be used. Highways would be accepting in-principle of these proposals subject to the final positioning of apparatus being sufficient to maintain the minimum desirable clearance of 2m to any adjacent street furniture and the edge of carriageway.

It is accepted by highways that the proposals would not cause a distraction to passing vehicles and would not give rise to forward visibility issues.

Operatives undertaking servicing / maintenance thereafter will be expected to comply fully with the relevant traffic laws, including any local parking and movement restrictions.

The applicant should be advised that any requirements for licensing, hoarding / scaffolding, skips and any associated temporary pedestrian/traffic management arrangements, including Section 50, will need discussion and agreement with the council's Highway Network Management teams via Email -highwaylicences@manchester.gov.uk highwaynetworkmanagement@manchester.gov.uk
