Hi Steve,

It is understood that the above application has been made following the expiration of approval 126451/FO/2020. The application form indicates that all relevant documentation relating to the previous approval is to be submitted, but there is no information relevant to Env Health conditions apart from a brief reference on the application form to recycling bins.

We therefore recommend that the relevant conditions applied to approval 126451/FO/2020 numbered 4 (CMP), 6 (EVC), 8 (CL PRA, SI & RS - without reference to previously approved reports submitted under 126451/FO/2020), 9 (CL Validation Report), 11 (Acoustic insulation scheme) and 12 (Ref) be imposed on any further approval granted.

Regards,

Rebecca
