Description of Proposed Works

Please describe the proposed works

This application aims to regularise the existing extensions that are mainly based on the previous planning permission (131209/FH/2021). There are two main issues with the existing structure (under construction).

1- In the approved drawings, the side extension roof ridge is set to be lower than the main roof, and the roof line is pushed back from the main roof. Due to a building error, the roof was built flush with the main roof with the ridge matches the main roof ridge. This application aims to solve this by lowering the side extension ridge line without demolishing the roof. The proposal aims to keep the side extension subservient to the original house in terms of height, especially that its front wall is set back from the main house wall, but avoiding dismantling the whole extension roof structure.

2- A rear dormer has been under construction as part of the permitted development right (total volume for both the side extension and the rear dormer would be less than 50m3), the construction of the dormer is not possible after doing the rear extension for practical reasons as the scaffolding cannot be erected, hence construction started. The client was advised that as this is being constructed as part of a single operation with the side extension, regulating point 1 needs full planning permission.

Biodiversity net gain

Paragraph 13 of Schedule 7A of the Town and Country Planning Act 1990 sets out that every planning permission granted for the development of land in England shall be deemed to have been granted subject to the 'biodiversity gain condition' requiring development to achieve a net gain of 10% of biodiversity value.

This is subject to exemptions, an exemption applies in relation to planning permission for a development which is the subject of a householder application, within the meaning of article 2(1) of the Town and Country Planning (Development Management Procedure) (England) Order (2015)*.

Applicants for planning permission are required to make a statement as to whether they believe the biodiversity gain condition will apply if permission is granted, please confirm:

☒ It is my belief that if permission is granted for the development to which this application relates the biodiversity gain condition would not apply

*A 'householder application' means an application for planning permission for development for an existing dwellinghouse, or development within the curtilage of such a dwellinghouse for any purpose incidental to the enjoyment of the dwellinghouse which is not an application for change of use or an application to change the number of dwellings in a building.

Details of the pre-application advice received

No formal pre-application advice was submitted. We were advised by the compliance officer, Mr Iain Smith to apply for planning permission to regularise the dormer extension and the changes in the ridge height

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
