

Mr Paul Lyons
1 East Drive
Manchester
M21 9LF

Date: 30 September 2024

Dear Sir or Madam,

Class A, Part 1, Schedule 2 of the Town & Country Planning (General Permitted Development) (England) Order 2015 (as amended)

Application No.: 140827/PDE/2024

Description: Prior notification of proposed larger home extension projecting 5.95m to the rear, with a maximum height of 3.9m and a height at eaves of 3.9m.

Location: 1 East Drive, Manchester, M21 9LF

The above application was submitted to us on 20 August 2024.

When assessing the criteria of the larger homes extensions under Schedule 2, Part 1, Class A of the above Order, the proposal must comply with all of the requirements to be permitted development; this includes all conditions, limitations or restrictions.

In paragraph A.1(ja) of the Order, development is not permitted where "any total enlargement (being the enlarged part together with any existing enlargement of the original dwellinghouse to which it will be joined) exceeds or would exceed the limits set out in sub-paragraphs (e) to (j)". In sub-paragraph (j) development is not permitted where "the enlarged part of the dwellinghouse would extend beyond a wall forming a side elevation of the original dwellinghouse...", and "... (iii) have a width greater than half the width of the original dwellinghouse". In the interpretation section of the Order the word "original" is stated to mean - (a) in relation to a building existing on 1 July 1948, as existing on that date; (b) in relation to a building built on or after 1st July 1948, as so built.

It is clear from a review of Ordnance Survey data held from 1954, that the rear of the property has an original, two storey outrigger. However, the property has already been the subject of an infill rear extension, that extends to the rear elevation of the two storey outrigger. The proposal will be joined to the existing enlargement of the original dwellinghouse and as such the total enlargement (i.e. the proposed extension, taken together with the previous extension to which it will be joined), will wrap around the outrigger at ground floor, and therefore extend beyond a side wall and be more than half the width of the original house.

Accordingly, the proposal would not meet the criteria of sub-paragraph (j), as a result of the requirements under sub-paragraphs (ja). The proposal does not satisfy all the

conditions and limitations and is therefore not permitted under the Order and an application for planning permission is required.

This letter is to be treated as a refusal of this application, in accordance with paragraph A.4(3) of the Order, and as such you have the right of appeal under Section 78 of the Town & Country Planning Act 1990 (as amended). Any such appeal must be submitted using the Planning Inspectorate's website at <https://acp.planninginspectorate.gov.uk/> within 12 weeks of the date of this letter.

Alternatively, if you wish to proceed with the proposed extension, you would need to submit an application using the 'Householder Application for Planning Permission for works or extension to a dwelling' forms and pay the required fee.

Should you wish to discuss this matter any further please contact Angelina Ward.

Yours faithfully,

A handwritten signature in black ink, appearing to read 'Julie Roscoe', written in a cursive style.
