

All dimensions to be checked on site prior to the commencement of works.

Any drains passing under building to be exposed & encased in 150mm conc.

The image is a detailed architectural floor plan of two units, Unit 1 and Unit 2, showing their dimensions, doors, and partitions.

Unit 1: A large rectangular unit with overall dimensions of 60,000 (width) by 14,145 (depth). The internal width is 59,410 and the internal depth is 13,565. It features three "Roller Shutter Door"s along the bottom wall. The top wall has three door openings. The right wall has a partition labeled "timber stud partitions plasterboard, skim and paint finish".

Unit 2: A trapezoidal unit with a slanted bottom wall. The top width is 44,784 and the bottom width is 16,000. It features three "Roller Shutter Door"s along the right wall. The bottom wall has a partition labeled "timber stud partitions plasterboard, skim and paint finish".

The plan includes various door symbols and labels for "Roller Shutter Door"s. The units are labeled "unit 1" and "unit 2" in large, bold, black text.
