--	--------------------------------

Internal Stores (Residential and Commercial)

Please provide details of internal stores / segregation of waste and recycling.

There has been an designated bin store created in the basement. Several bins are used until full to ensure recycling occurs

Storage Areas for Waste Containers (Residential and Commercial)

Please provide details of container stores, attaching plans if appropriate.

We have been told that we are not allowed waste containers so bags will go out and the end of service for overnight collections. This is the same as our existing Piccadilly branch

Ensure all bins in the store are accessible	☐
Ensure recycling facilities are as easy to access as general refuse	☐

Please confirm details of waste store ventilation and hygiene / cleaning proposals

Ventilation – There is vents from the extract system being installed in the basement and there is also vents in the basement to the outside

Hygiene – Bin store will be cleaned daily after collection goes out

Please provide details of who will be responsible for placing the bins at the collection point and returning them to the store / property promptly e.g., resident / management company

The closing manager will be responsible to put the rubbish out for collection and the opening manager will ensure the area is cleaned after collection the following day

Please ensure that you have attached:

Detailed plans of bin stores	☐
