No press advert had been published

Departure from Development Plan: No

Environmental Statement: Not required

Description of site/building

Listed building: Not applicable

Conservation area: No

Tree Preservation Order: No

Description of site / building / area

The application relates to a brick facing, hipped roof, bay fronted semi-detached dwellinghouse along a predominantly residential street with a mix of semi-detached and terraced properties. St Agnes' C of E Primary School is orientated north of the site. The application site benefits from amenity space along the front, side and rear, off street car parking space, together with boundary treatment. There is an existing single storey lean-to rear outrigger (approximately 2.1 metres deep x 2.8 metres wide) which appears original to these semi-detached properties along the street. A gated alleyway runs along the rear boundary. Many of the houses along Clitheroe Road have been extended along the rear. The immediate neighbouring dwellinghouses along the side boundary (nos. 55 and 59 Clitheroe Road) both have existing single storey rear extensions.

Description of development

The submitted plan relates to a single storey rear extension which would serve as a kitchen / living area.

The proposed single storey rear extension would be sited along the common shared boundary with no. 59 Clitheroe Road; whilst leaving a small gap from this boundary. It would project from the rear building line of the original dwelling and along this boundary approximately 4116mm

deep, then forward of the common shared boundary with no. 55 Clitheroe Road approximately 6219mm wide. It then comes forward of the rear building line of the host dwellinghouse, whilst being flush with its building line along the side elevation. The existing side access along the common shared boundary with no. 55 Clitheroe Road would be unaffected. The proposed extension would comprise of a lean-to pitch roof design - (proposed maximum height approximately 3841mm). It would include 3no. windows along the roof elevation, French doors together with 1no. window along the rear elevation. It is intended to use matching materials.

Consultations & Notification Responses

1. Local residents

Occupiers of properties surrounding the application site were notified of the proposal. No objections, comments, or representations were received.

POLICY

The following guidance and policies are considered to be relevant to the proposed development.

1. The National Planning Policy Framework (NPPF), (July 2021):

- Chapter 12: Achieving well-designed places.

2. Places for Everyone (2024) -

The Places for Everyone Plan is a Joint Development Plan Document, providing a strategic plan and policies, for nine of the 10 boroughs which make up Greater Manchester. The plan was adopted by the Council on 20 March 2024 and came into effect from 21 March 2024. The plan sets out the kind of development that takes place across the city-region. It maximises the use of brownfield land and urban spaces; protects green belt land from the risk of unplanned development; releases some sites for housing and employment in key locations; ensures we integrate all new developments into Greater Manchester's transport network. Otherwise, new roads and transport will support them. The Plan and its policies now form part of the local development plan.

3. The Manchester Core Strategy Development Plan Document 2012-2027 ("the Core Strategy") was adopted by the City Council on 11th July 2012:

- Policy DM1 (Development Management)
- Policy SP1 (Spatial Principles)
- Policy EN1 (Design Principles and Strategic Character Areas)
- Policy EN19 (Waste)
- Policy T2 (Accessible areas of opportunity and need)

4. Unitary Development Plan (UDP), (1995) - The UDP has been superseded by the Core Strategy Development Plan.

- Saved Policy DC1 for Residential Extensions is still considered of relevance.

5. Guide to Development in Manchester Supplementary Planning Document and Planning Guidance, Adopted April 2007:

- Chapter 2: Design

ISSUES

Principle

The principle of extending one's home is generally acceptable in circumstances where there is no overriding unduly harmful impact upon either the character of the property, or upon the visual and residential amenity of neighbouring occupiers. Therefore, consideration must be given to proposal's impact upon existing levels of residential and visual amenity.

Residential and visual amenity

Impact of works (single storey rear extension) - In this instance, in light of the of the existing contextual relationship along the boundaries, and with the immediate dwellinghouses along the side boundaries both have existing single storey rear extensions, it is considered that the resultant contextual relationship of the proposal being stepped away from the common boundary with no.59 Clitheroe Road, and retaining a sizable separation distance from no. 55 Clitheroe Road is considered acceptable as the proposal would be contained within the curtilage of the application site; nor, is it considered that the proposed scale would be unduly overbearing, overshadowing or present any loss of privacy impacts. Moreover, whilst the proposed rearward projection at approximately 4100mm is (450mm) in excess of the guidance set out in saved UDP policy DC1.3 a) regarding rearward extensions, it is considered that this variance could be accommodated in this location in the instance. Therefore, for these reasons, and on balance, and subject to planning conditions, the proposal is considered to be acceptable.

Impact of works (Design and appearance) - The proposed development is considered to be acceptable in design terms as it would be informed by similar development within the immediate neighbourhood, and it is also intended to match materials with those of the existing building. However, a materials condition has been attached to ensure that materials are adhered to; pursuant with The Manchester Core Strategy Development Plan Document Policies SP1 and DM1 and saved Policies DC1 of the Unitary Development Plan.

Impact of works (Car parking) - The existing arrangement would be unaffected; pursuant with The Manchester Core Strategy Development Plan Document policy DM1 and saved policy DC1 of the Unitary Development Plan.

Impact of works (Waste management) - The existing arrangement would be unaffected, pursuant with The Manchester Core Strategy Development Plan Document policy DM1, EN19; and saved policy DC1 of the Unitary Development Plan.

Conclusions - For the reasons outlined above, and subject to planning conditions, it is considered that the proposed development responds positively to The National Planning Policy Framework (2021) chapter 12; policies SP1, DM1, EN1, EN19, T2 of The Manchester Core Strategy Development Plan Document (2012); saved policy DC1 of the Unitary Development Plan (1995); and chapter 2 of the Guide to Development in Manchester Supplementary

Planning Document and Planning Guidance (2007) and no comments or objections have been received in response to this application from local residents.

Other Legislative Requirements

Equality Act 2010

Section 149 (Public Sector Equality Duty) of the Equality Act 2010 requires due regard to the need to: Eliminate unlawful discrimination, harassment and victimisation and other conduct prohibited by the Act and; Advance equality of opportunity between persons who share a protected characteristic and persons who do not share it. The Equality Duty does not impose a legal requirement to conduct an Equality Impact Assessment. Compliance with the Equality Duty involves consciously thinking about the aims of the Equality Duty as part of the process of decision-making.

Human Rights Act 1998 considerations

This application needs to be considered against the provisions of the Human Rights Act 1998. Under Article 6, the applicants (and those third parties, including local residents, who have made representations) have a right to a fair hearing and to this end the local planning authority must give full consideration to their comments.

Protocol 1 Article 1, and Article 8 where appropriate, confer(s) a right of respect for a person's home, other land and business assets. In taking account of all material considerations, including Council policy as set out in the Core Strategy and saved policies of the Unitary Development Plan, the Director of Planning, Building Control & Licensing has concluded that some rights conferred by these articles on the applicant(s)/objector(s)/resident(s) and other occupiers and owners of nearby land that might be affected may be interfered with but that that interference is in accordance with the law and justified by being in the public interest and on the basis of the planning merits of the development proposal. She believes that any restriction on these rights posed by the recommendation given is proportionate to the wider benefits of and that such a decision falls within the margin of discretion afforded to the Council under the Town and Country Planning Acts.

Recommendation: Approve

Article 35 Declaration

In assessing the merits of a planning application officers will seek to work with the applicant in a positive and proactive manner to seek solutions to problems arising in relation to dealing with the planning application. In this instance, the local planning authority had no issues to raise with the agent but has attached appropriate conditions to the approval.

Condition(s) to be attached to decision for approval OR Reasons for recommendation to refuse

1) The development must be begun not later than the expiration of three years beginning with the date of this permission.

Reason - Required to be imposed pursuant to Section 91 of the Town and Country Planning Act 1990.

2) The development hereby approved shall be carried out in accordance with the following drawings and documents:

- Householder Application for Planning Permission for works or extension to a dwelling form, received by the City Council as the Local Planning Authority on 10 July 2024.
- Location Plan, Existing Site Plan, Proposed Site Plan all with application site edged in red, Drawing No: 0171-PA-001, Revision A, received by the City Council as the Local Planning Authority on 10 July 2024.
- Existing and Proposed Plans and Elevations, Drawing No: 0171-PA-002, Revision A, received by the City Council as the Local Planning Authority on 10 July 2024.

Reason - To ensure that the development is carried out in accordance with the approved plans; pursuant to saved policy DC1 of the Unitary Development Plan for the City of Manchester (1995) and policies SP1 and DM1 of the Core Strategy (2012).

3) The external facing materials to be used on the development hereby approved shall match those of the existing dwellinghouse in terms of type, colour, texture, scale, pointing and coursing and as stated on the submitted information and approved drawings.

Reason - To ensure that the appearance of the building to be extended is not adversely affected by the materials to be used in the construction of the extension, pursuant to saved policy DC1 of the Unitary Development Plan for the City of Manchester (1995) and policy DM1 of Manchester's Local Development Framework: The Manchester Core Strategy (2012).

4) Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) Order 2015 (or any order revoking and re-enacting that Order with or without modification) no windows or doors shall be inserted into the elevations of the development hereby approved other than those shown on: Existing and Proposed Plans and Elevations, Drawing No: 0171-PA-002, Revision A, received by the City Council as the Local Planning Authority on 10 July 2024.

Reason - In the interest of residential amenity, pursuant to saved policy DC1 of the Unitary Development Plan for the City of Manchester (1995) and policy DM1 of Manchester's Local Development Framework: The Manchester Core Strategy (2012).
