

Brunswick Mill - Landscape Materials Samples

Client: Arrowsmith

Ref: CDN/23/0514

FAO: Jennifer Atkinson

Sandstone setts - sawn and tumbled. Mixed colour pennant.
Physical sample provided

The use of purely concrete water permeating pavements makes it hard to create specific line patterns, especially in the case of smooth transitions from greenery to concrete. Hydro-Lineo pavers have been specifically designed to give shape to that kind of transition.

The Hydro-Lineo S3 has a greensible surface of 22% for the Hydro-Lineo S3 is 40%.

Both models can be combined with the standard Hydro-Lineo, 30 x 15 x 10 cm concrete pavers. All Hydro-Lineo stones are available in standard (anthracite) specification or in the Lusso version (polished).

Winner of the 2013 European Award, category: Small Scale Projects by FIMA (Federation of the European Pavement Concrete Industry).

SPECIFICATIONS	
Dimensions	30 x 15 x 10 cm
Weight	6.7 kg
Number per m ²	15.33 pieces
Greensible surface	0%
Permeability (paved S3) *	0 l/min/m ²

* indicative values

SPECIFICATIONS	
Dimensions	30 x 15 x 10 cm
Weight	5.5 kg
Number per m ²	15.33 pieces
Greensible surface	22%
Permeability (paved S3) *	120 l/min/m ²

* indicative values

SPECIFICATIONS	
Dimensions	30 x 15 x 10 cm
Weight	5.5 kg
Number per m ²	15.33 pieces
Greensible surface	80%
Permeability (paved S3) *	400 l/min/m ²

* indicative values

Inspira Form

Inspira is a flexible, modular retaining wall system, perfect for creating raised planting schemes in any location. The ease of installation makes Inspira a quick and cost-effective addition to street, courtyard and roof terrace developments.

Inspira is available in a wide variety of materials, finishes and sizes to meet the requirements of any site.

Inspira Form includes all the rectilinear components of Linear with the addition of curved wall and corner sections, allowing more organically shaped installations (circles, lozenges, waves etc.)

Components of Form have a thicker wall to allow its slim profile and minimal visual impact at the top edge.

As standard Inspira Form does not have a return edge. If required please contact us to discuss. A

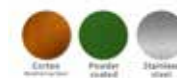

Manufactured to suit customer requirements

INSPIRA COMPONENTS: Form

Component	Length (mm)	Height (mm)	Angle (°)
Standard	1000, 1200, 2000 (L)	400, 450	90
Corner	1000, 1200, 2000 (L)	400, 450	45, 60, 90, 135, 150
Return	1000, 1200, 2000 (L)	400, 450	90
End	1000, 1200, 2000 (L)	400, 450	90, 180
Gate	1000, 1200, 2000 (L)	400, 450	90, 180
Gate	1000, 1200, 2000 (L)	400, 450	90, 180
Gate	1000, 1200, 2000 (L)	400, 450	90, 180
Gate	1000, 1200, 2000 (L)	400, 450	90, 180
