☒ No

Condition(s) - Variation/Removal

Please state why you wish the condition(s) to be removed or changed

Because the kitchen units are fitting snugly, the extension's rearward projection falls short. To accommodate this, the walls need to be pushed back from 4040mm to 4378mm (a difference of 338mm or 1.5 bricks).

This adjustment poses a technical issue: the approved lean-to roof slope doesn't meet the required 17.5 degrees for the rooflight and tile manufacturer specifications. To resolve this, the roof must be pitched, which will alter the appearance of the rear elevation.

If you wish the existing condition to be changed, please state how you wish the condition to be varied

The condition to be varied and conditioned drawings to be updated.
