Details of the pre-application advice received

Richard Carr advised me that my original Planning Application 126451/FO/2020 has expired.

Richard suggested in his email dated 19th June 2024 that if I still wish to proceed in making a new application, then I should focus my attention on submitting this for my scheme, including all the discharge of condition documentation associated with the expired consent.

My planning permission only expired due to the length of the time it took to process the discharge of the conditions through the council.
CDN/22/0539 dated 4/8/2022
CDN/23/0366 dated 6/6/2023

One of the conditions discharge applications (CDN/23/0366 dated 6/6/2023) was accepted and approved after the planning permission had already expired.

I also received a written permission on 20th September 2023 by senior planning officer (steven mcombe) to start above level ground works on site after he confirmed that all my conditions have now been fully discharged.

But Richard Carr informed me that you should submit a new application with all the relevant documentation, so that I can get it approved for construction on site.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

☒ No

* "owner" is a person with a freehold interest or leasehold interest with at least 7 years left to run.

** "agricultural holding" has the meaning given by reference to the definition of “agricultural tenant” in section 65(8) of the Act.
