NO ACCURATE SITE SURVEY

Parts of this drawing has been produced without the use of a measured survey. Howells cannot guarantee the accuracy of the information generated regarding its relationship to the site or surrounding area. The information contained within this file/drawing should be treated as indicative.

CALCULATION

Areas shown on the drawing are indicative, Howells advise a measured survey be carried out by a specialist Surveyor in order to establish exact areas.

MEASUREMENT

NIA, GIA & GEA areas are measured and calculated generally in accordance with the **RICS Code of Measuring Practice [6th Edition may 2015]** and have been calculated in metric units. Construction tolerances, workmanship and design by others may affect the stated areas.

EXISTING BUILDINGS

Please note information relating to the existing elements within this building/site should be treated as indicative and must be confirmed through accurate site measurement before being relayed upon.

Note* Elevation to be read in conjunction with demolition site plan
