Date: 2 August 2024

Dear Sir or Madam,

**Class MA, Part 3, Schedule 2 of the Town & Country Planning (General Permitted Development) (England) Order 2015 (as amended)**
**Application No.:** 140222/P3MAP/2024
**Description:** Prior Approval for change of use from Class E - Retail to Class C3 - 3No. Self contained flats
**Location:** 103 Crumpsall Lane, Manchester, M8 5SR

1) The City Council is satisfied that the development would have no material, harmful impact as a result of transport impacts, contamination, flooding or noise and the provision of natural light to all habitable rooms. The proposal therefore complies with the requirements of policies SP1, EN14, EN18, T1 and DM1 of the Manchester Core Strategy and saved policy DC26 of the Unitary Development Plan for the City of Manchester, pursuant to Schedule 2, Part 3, Class MA of the Town and Country Planning (General Permitted Development) Order 2015 (as amended). Approval is hereby granted in accordance with drawings referenced 502 (proposed site plan) received on 7 June 2024 and 003 REV 2 (proposed plans & elevations) received on 22 July 2024.
2) Prior to first use, details of the specifications, elevations, siting and appearance of the secured cycle storage shall be submitted to and approved in writing by the City Council as local planning authority. The agreed details shall be fully implemented prior to the first use of development, retained and maintained thereafter.

Reason - In the interest of residential amenity and to promote sustainable transportation modes pursuant to policies SP1, T1, T2 and DM1 of the Core Strategy for the City of Manchester.
3) a) Before the development commences a scheme for acoustically insulating the proposed residential accommodation against noise from Crumpsall Lane shall be submitted to and approved in writing by the City Council as local planning authority. There may be other actual or potential sources of noise which require consideration on or near the site, including any local commercial/industrial premises.

The potential for overheating shall also be assessed and the noise insulation scheme shall take this into account. The approved noise insulation and ventilation scheme shall be completed before any of the dwelling units are occupied.

Noise survey data shall include measurements taken during a rush-hour period and night time to determine the appropriate sound insulation measures necessary.

b) Prior to first occupation of the residential units, a verification report shall be required to validate that the work undertaken throughout the development conforms to the recommendations and requirements in the approved acoustic consultant's report. The report shall also undertake post completion testing to confirm that the internal noise criteria have been met. Any instances of non-conformity with the recommendations in the report shall be detailed along with any measures required to ensure compliance with the internal noise criteria.

Reason- To secure a reduction in noise from traffic or other sources in order to protect future residents from noise disturbance, pursuant to policies SP1 and DM1 of the Core Strategy for the City of Manchester.

**Informatives**

**Building Regulations 2010**

Please note that this document does not grant any permission under Building Regulations. If you require further information regarding compliance with Building Regulations, please contact Building Control on 0161 234 4490 or by email to building.control@manchester.gov.uk.

**Street Naming & Numbering Requirements**

Manchester City Council is responsible for allocating street naming and numbering within Manchester for new developments or property conversions. Individuals or businesses are not permitted to allocate their own property numbers, building or street names.

If your development includes the creation of new dwellings (either new build or conversion of existing buildings), creation of new commercial properties or the subdivision of existing properties you must ensure that you request new or changes to addresses through us so they can be officially allocated and registered in accordance with the Public Health Act 1925 Sections 17-19 & Greater Manchester Act 1981 Section 22.

Failure to do this may result in difficulties for the developer/occupier when requiring services such as connections to utilities, phone lines and postal services and may delay your development.

You can apply online at the following address:
http://www.manchester.gov.uk/info/100011/roads_parking_and_transport/1988/naming_and_numbering_of_houses_buildings_streets_and_roads/2

The applicant is advised that any requirements for licensing, hoarding / scaffolding and any associated temporary traffic management arrangements will need discussion and agreement with MCC Highways Applications and Network Resilience teams via Contact Manchester (Tel. 0161 234 5004) Email -highwaylicences@manchester.gov.uk

Yours faithfully,

Julie Roscoe
Director of Planning, Building Control & Licensing
