Delegated officer report for planning application

Application no.	139948/FH/2024
Date registered valid:	7 May 2024
Proposal:	Erection of single storey rear extension
Address:	6 Tottenham Drive, Manchester, M23 9WZ
Ward(s):	Brooklands Ward
Applicant:	Mrs S Cassidy
Agent (if any):	Mr Joe Jennings ExtensionsNW Ltd
Case officer:	Jake Walther Tel: 0161 234 1632 Email: jake.walther@manchester.gov.uk
Recommendation:	Approve
Date of recommendation:	**01/07/2024**

Application details

Type of application: Full Householder Application

Development type: Householder

Date of site visit: 05/06/2024

Standard consultations:
No consultations have been printed and sent.

Neighbour notifications
Printed: 20 May 2024 Expired: 11 June 2024

Site notice
No site notice has been produced

Press advert
No press advert had been published

Departure from Development Plan: No

Environmental Statement: Not required

Description of site/building
The application relates to a two-storey semidetached property located on Tottenham Drive in Wythenshawe, South Manchester. The property features space for vehicle parking and landscaping to the front with a garden to the rear.

Figure 2. Front view of property.

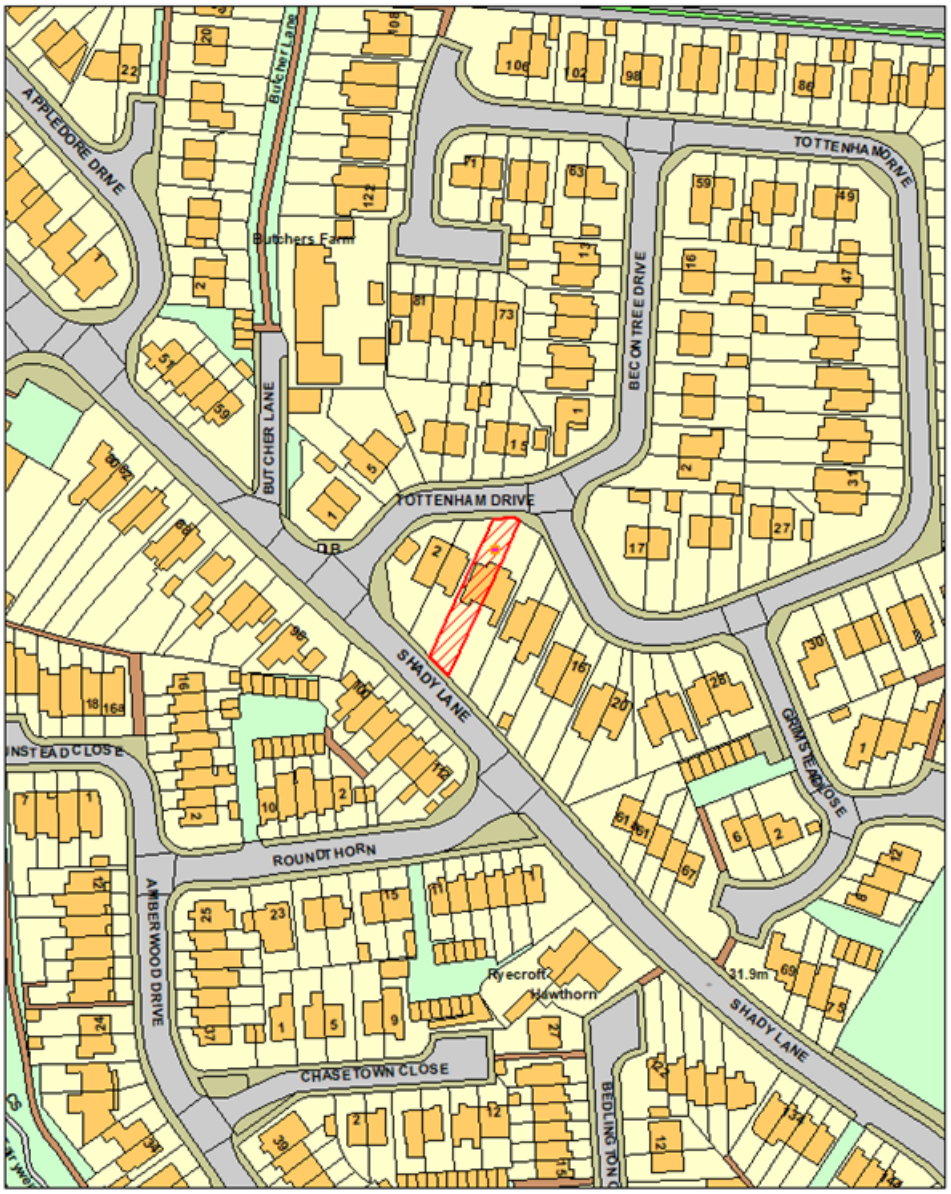

Figure 1. Rear view/ proposal area.

Listed building: Not applicable

Conservation area: Not applicable

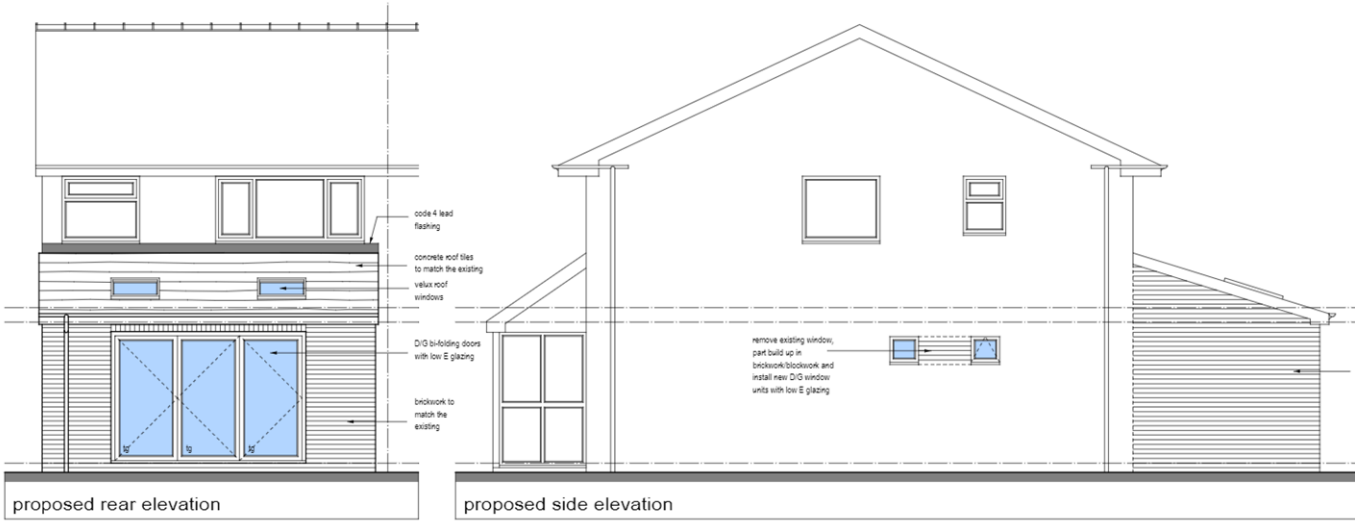

Tree Preservation Order: Not applicable

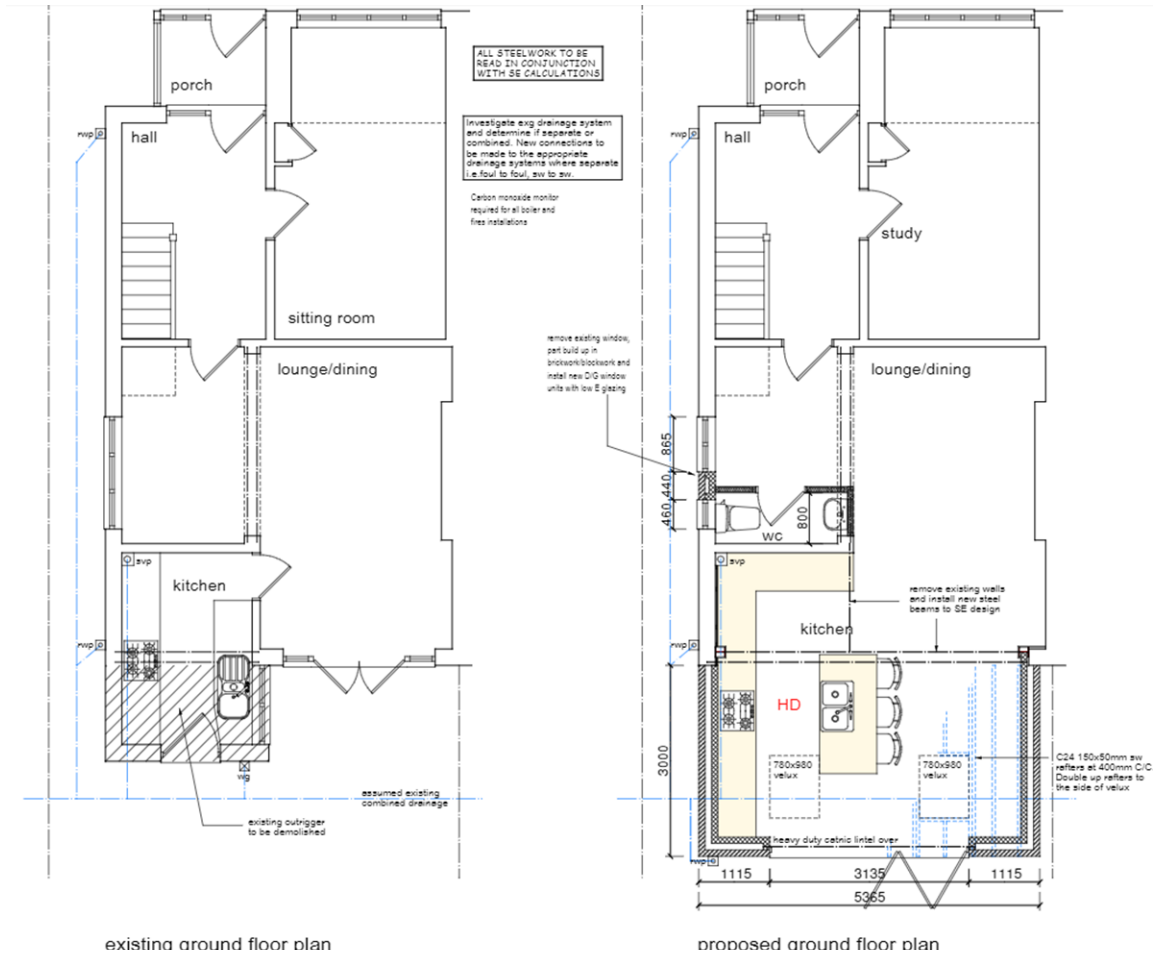

Description of area
Tottenham Drive is a residential street situated within the Brooklands Ward in South Manchester, close to the A560 and the Southmoor industrial estate. The area is predominantly residential in terms of its character, consisting of mostly semi-detached and terraced two storey residential houses.

© Crown copyright and database rights 2024. Ordnance Survey 100019568

Description of development
The applicant is seeking permission for the erection of a single storey rear extension and elevation alterations. The rear extension will have a projection of 3000mm and will span the rear of the property measuring 5365mm, it will feature a lean-to style roof measuring 2560mm at the eaves with a maximum height of 3500 where it adjoins the rear wall. The proposal incudes 1no. bifold glazed door on the rear wall with 2no. skylights on the roof of the extension. The elevation alterations include partially infilling the existing ground floor side window to great two smaller windows.

Consultations & Notification Responses
As per appendix 1 – Neighbouring residents were notified and asked for comments on the proposed application – No comments or objections were made.

Policy
The following policies are considered relevant in the considerations of this application.

The Manchester Core Strategy Development Plan Document 2012-2027 - The City Council adopted the core strategy on July 11, 2012. It is the key document in the Manchester Local Plan. The plan determines how Manchester will grow and forms the framework that planning

applications are assessed against. We consider the following Core Strategy Policies relevant to this proposal.

- Policy DM1 – Development Management
- Policy SP1 – Spatial Principles
- Policy EN1 – Design Principles and Strategic Character Areas
- Policy EN19 – Waste

Extant Unitary Development Plan (UDP) - The Core Strategy replaced much of the UDP, but some UDP Development Control policies are extant (remain). The following extant policy is still considered relevant to this proposal.

- DC1 - Residential Extensions

Places for Everyone

Places for Everyone (2022-2039) – Places for Everyone is a long-term plan of nine Greater Manchester districts for jobs, new homes, and sustainable growth. It has been published by the GMCA on behalf of the nine districts and took effect and became part of the statutory development plan on March 21, 2024.

The following policies are relevant:

- S1- Sustainable development
- S2 – Carbon and energy
- S5 – Flood risk and the water environment

The National Planning Policy Framework (December 2023)

The document sets out the Government's Planning Policies for England and how these are expected to be applied. At the heart of the Framework is a presumption in favour of sustainable development in terms, "For plan-making" and "For decision-taking", (paragraph 11).

Paragraph 8 - Achieving sustainable development means that the planning system has three overarching objectives, which are interdependent and need to be pursued in mutually supportive ways (so that opportunities can be taken to secure net gains across each of the different objectives):

- an economic objective
- a social objective and
- an environmental objective.

The following specific policies are considered to be particularly relevant to the proposed development:

- Chapter 8. Promoting healthy and safe communities.
- Chapter 12. Achieving well-designed and beautiful places.

Principle

The submitted application is for the erection of a single storey rear extension and elevation alterations to form additional living accommodation. This is considered acceptable in principle as many people prefer to alter and extend homes, rather than move, to meet the changing residential needs of families. However, consideration must be given to the proposal's appearance, impact on the visual amenity of the area and impact on the neighbouring properties' residential amenity. As the property is to remain a single family dwellinghouse it is not considered that the proposed extension would give rise to any significant additional waste or car parking pressures.

In this instance the principle of the proposal is considered acceptable, and it is not believed that there are any factors of sufficient weight in amenity terms that would warrant refusal of the application. The proposed extension is deemed to accord with saved policy DC1 of the UDP and policies DM1 and SP1 of the Manchester Core Strategy

Sitting, Scale and Mass
The proposed single storey extension would be sited at the rear of the property, with a lean to roof and a total projection of 3000mm from the existing rear wall. The roof will have a maximum height of 3500mm where it adjoins the dwellinghouse and a minimum height of 2560mm at the eaves. It will span the entire rear of the property at 5365, leaving a gap of 200mm to the border with the adjoining property, there will also be a gap of around 900mm to the property boundary with no.4 Tottenham Drive.

It is considered that the single-story rear extension is subservient to the host dwellinghouse and as such it is deemed as acceptable as it would not result in an 'excessively large or bulky' addition to the property. The proposed extension therefore accords with policy DC1 of the UDP and policies SP1 and DM1 of the Manchester Core Strategy.

Residential Amenity
Although the proposed extension would come close to the boundary with the adjoining property, the side elevations will not feature any new windows or doors that could cause a loss of privacy for the residents or neighbours, in addition, the height of the single storey addition is not considered to be excessively large, and it is not anticipated to cause a loss of daylight for any neighbouring properties.

In terms of the elevation alterations to the western elevation, there would be an overall reduction in the amount of glazing from the existing, by infilling part of the horizontal window to allow for reconfiguration of the inside walls.

In addition, no objections from neighbouring residents were received in response to this application.

The proposal therefore accords with policy DC1 of the UDP, and policies SP1 and DM1 of the Core Strategy.

Design
The proposed addition would be built using brickwork and concrete roof tiles to match the existing host dwellinghouse. Both side elevations of the proposed addition would remain blank and featureless, whilst the rear elevation would feature 1no. bifold glazed door measuring 3135mm x 2110mm. The roof would feature 2no. 780mm x 980mm skylights.

The elevation alterations involve infilling the 1750mm existing window to create two new windows measuring 460mm and 865mm. This window is set back from the front of the house by roughly 6.3m and as such cannot be seen from the street, having no impact on the street scene.

The proposal is relatively standard in terms of its scale and design and would be in-keeping with the existing precedent of residential extensions in this area. Sited at the back of the property, the rear extension would not be visible within the street scene or public realm and, as such, should have a minimal impact upon the visual amenity of the area.

The design and appearance of the proposed development therefore accords with Core Strategy policies DM1 and EN1 as well as chapter 12 of the NPPF as its impact upon visual amenity is considered to be minor.

Waste Storage
The current waste storage arrangements would be unaffected by this proposal.

Parking
No change to parking arrangements would occur as a result of the proposal.

Conclusion
Given the above issues, it is considered that the proposed single-storey rear extension is acceptable in terms of its principle, siting, scale and massing, appearance, and impact upon existing levels of visual and residential amenity as well as waste storage and parking as it broadly complies with policy DC1 of the UDP, policies DM1, SP1, EN1 and EN19 of the Core Strategy and chapter 12 of the NPPF.

Other Legislative Requirements
Equality Act 2010
Section 149 (Public Sector Equality Duty) of the Equality Act 2010 requires due regard to the need to: Eliminate unlawful discrimination, harassment and victimisation and other conduct prohibited by the Act and; Advance equality of opportunity between persons who share a protected characteristic and persons who do not share it. The Equality Duty does not impose a legal requirement to conduct an Equality Impact Assessment. Compliance with the Equality Duty involves consciously thinking about the aims of the Equality Duty as part of the process of decision-making.

Human Rights Act 1998 considerations
This application needs to be considered against the provisions of the Human Rights Act 1998. Under Article 6, the applicants (and those third parties, including local residents, who have made representations) have a right to a fair hearing and to this end the local planning authority must give full consideration to their comments.

Protocol 1 Article 1, and Article 8 where appropriate, confer(s) a right of respect for a person's home, other land and business assets. In taking account of all material considerations, including Council policy as set out in the Core Strategy and saved polices of the Unitary Development Plan, the Director of Planning, Building Control & Licensing has concluded that some rights conferred by these articles on the applicant(s)/objector(s)/resident(s) and other occupiers and owners of nearby land that might be affected may be interfered with but that that interference is in accordance with the law and justified by being in the public interest and on the basis of the planning merits of the development proposal. She believes that any restriction on these rights posed by the recommendation given is proportionate to the wider benefits of and that such a decision falls within the margin of discretion afforded to the Council under the Town and Country Planning Acts.

Recommendation: Approve

Article 35 Declaration
Officers have worked with the applicant in a positive and proactive manner based on seeking solutions to problems arising in relation to dealing with the planning application. No significant problems have arisen during the consideration of this application and the application has been determined in a timely manner, in accordance with the policies with the Development Plan.

Condition(s) to be attached to decision for approval OR Reasons for recommendation to refuse

1. 3-year time limit:
The development must be begun not later than the expiration of three years beginning with the date of this permission.

Reason - Required to be imposed pursuant to Section 91 of the Town and Country Planning Act 1990.

2. Specified plans:
The development hereby approved shall be carried out in accordance with the following drawings and documents:

a. Drawing - Location Plan – 07 May 2024
b. Drawing – Proposed plans and elevations – 07 May 2024 – Drawing number – 3392-01

Reason - To ensure that the development is carried out in accordance with the approved plans, pursuant to policies DM1, SP1 and EN1 of the Core Strategy.

3. Specified materials:
The materials to be used on the external surfaces hereby permitted shall match those as specified on the application form in type, size, colour, and texture.

Reason - To ensure the appearance of the building to be extended is not adversely affected by the materials to be used in the construction of the structure. Pursuant to policies DM1, SP1 and EN1 of the Core Strategy.

4. Additional glazing restriction:
Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) (Amendment) Order 2015, (or any order revoking and re-enacting that Order with or without modification), no additional glazing, windows, or doors, other than those shown on the approved plans, shall be inserted at the property unless Planning Permission is specifically granted.

Reason - In the interests of the amenities of the occupiers of the neighbouring residences, pursuant to policy DM 1 of the Core Strategy for the City of Manchester and saved policy DC1 of the Unitary Development Plan.
