APPROVED ONLY FOR VEHICLE'S PARKED IN SUSPENDED BAYS

Please see full conditions of use overleaf

Conditions of use.

Definition of a parking suspension

A parking suspension is intended for use only by the applicant; it allows suspension of a specified bay or number of bays.

Suspension Certificate

The display of a suspension certificate is required when authorized vehicle are parked in suspended bays. Failure to display the certificate within the marked bay will result in the issue of a Penalty Charge Notice.

- A Penalty Charge Notice may be issued and/or the suspension rescinded on failure to comply with any of the terms, or if the purpose of the suspension as set out in the application is not adhered to.
- Even if a suspension has been approved, the vehicle must be relocated if requested by a Civil Enforcement Officer, Metropolitan Police Officer, or a Council Officer. This will only happen in circumstances where emergency access is required, or traffic flow is impeded.
- The Council is not responsible for any unauthorised vehicles parked in a suspended bay, but a Penalty Charge Notice may be issued in these circumstances.
- A suspension cannot be transferred from one location to another.
