[You don't often get email from tony.eggar@mft.nhs.uk. Learn why this is important at <https://aka.ms/LearnAboutSenderIdentification>]

Dear Emily

Manchester Royal Infirmary elevated Heliport, Grafton street is situated 0.33km from the proposed development 138176/FO/2023 and within a 1km assessment threshold.
A safety assurance document (e.g. Glint & Glare assessment) for potential impact on aviation infrastructure is not included within the pack, as such if not already should be undertaken to identify possible solar reflection from South facing panels.
Circling helicopters will be slow moving around the wider landing zone as such any glare encountered may be prolonged and possibly hazardous.

Regards,

Tony Eggar GFireE.
