Good Morning

Reference : 05699767 Blackwin Street, Longsight, Manchester. M12 5LB

I refer to your latest correspondence regarding the sewer connection application, Please find attached your 'Acceptance Documents'.

Your appointed contractor will need to submit Request to Work on a Public Sewer (S106 p2), please ensure you quote the Sewer Connection (S106 p1) reference number. You can find the part 2 application form on our website (Step 4) <https://www.unitedutilities.com/builders-developers/wastewater-services/sewer-connections/sewer-connection/>

Please Note: - This approval is valid for 12 months from the date of this letter. Should you not complete the connection within this period, you will be required to submit a further connection application and be eligible for the repeat charges, unless you confirm to us in writing that you will not be completing the connection before this deadline.

If the connection is to a lateral or drain only, you will need the approval of the Local Authority Building Inspector following which you may then proceed with this work. If this connection connects a property to the public sewer for the first time, then you must inform United Utilities Domestic Billing 0345 672 2999 once the connection has been made, in order that the property is recorded for sewerage charges.

If you wish to discuss this any further our office number is 0345 0726067 or reply to this email and we will get back to you as soon as possible.

Kind regards,

If you have received a great service from myself today why not tell us?
