Subject: RE: Planning Condition 8 - Close out

Hi Bridget,

Having looked at your ducting/cabling layout we consider that there is sufficient lateral separation from Metrolink assets that any adverse impacts from EMC are no longer a concern to Metrolink.

An EMC Plan as per Condition 8 will not be required, providing the ducting/cabling does not move any closer to Metrolink than is indicated on your layout plan.

Regards

Lynda

Hi All,

Hope you're all well.

Just following up on the below as we'd like to discharge these conditions this week.

Let me know if there is anything else we need to do or info we need to provide to close these out.

Thanks,
Bridge
