Description

The Brighton Twin bike locker is the perfect way of storing two bikes securely in a discreet manner. Designed as a space-saving storage unit, our 2 bike store is ideal for areas where space is restricted, but bike security is important. Unlike other bike stores, the Twin Bike Locker is accessed from the end, so the width of the unit is kept to a minimum - ideal for use down the side of a house or flat.

The Brighton Twin Cycle Locker is a practical solution for securely storing up to two bikes. Its compact design is ideal for areas with limited space. Constructed for durability and ease of use, this locker is perfect for those seeking a reliable and space-efficient way to protect their bicycles in various settings, including homes or businesses.

Installation:

As standard, this bike locker comes flat-packed for easy assembly; the additional charge for installation covers our operatives assembling and bolting the locker down on-site and in position for you. Ready for immediate use.

Options:

Our lockers come in green, ivory and grey. You can select your colour from the drop-down menu.
