

Capri Beach Club Waste Management.

Exchange Square. Manchester.

5th June – 26th August 2024.

The event consists of a Beach Bar and Food concessions.

The aim as a company is to reduce waste and recycle where possible.

Regarding the build all equipment and infrastructure is premade at our depot, so no waste is expected during the Build and De Rig.

Day to Day operation we have Food Waste and Bar Waste.
Where possible we promote the use of recycled packaging.

All catering concessions will be responsible to taking their unit waste off site to their own premises.

Customer food Waste includes;

Food remains. Will be put into a food stuff bin.

Packaging. Will be sorted and placed in relevant recycle bins.

Drink Cartons. Will be sorted and placed in relevant recycle bins.

Bar Waste include;

Plastic Bottles. Will be put into recycle bins.

Glassware. Will be reused and broken will be put into recycle bins.

Tin Cans. Will be put into recycle bins.

Cardboard Boxes. Will be put into recycle bin.

On the daily operation we will have glass collectors and litter pickers to keep the event safe and clean.

All Bins will be positioned in the storage area to the rear of the Bar.

Waste Collections are operated by;

Kenny Waste Management Ltd.
