Comment Details

Commenter Type: Neighbour

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: Object due to implications on the natural light within and surrounding the Deansgate Square complex. This application would block the light in the buildings and also over the garden of Deansgate Square which is important for residents of the building. You are also proposing removing the padel court which is a great community addition to the area. Please build a park instead, you are building far too many skyscrapers.
