

Additional information in relation to application 140115/FO/2024

- 1) As per the request for a full noise assessment, please find this enclosed.
- 2) Refuse is stored in bins located behind the bar in a safe storage area and shall be collected by event staff throughout the day. Please note that all waste is collected and stored on site and is not stored elsewhere.

Please find the following refuse information below:

- 2x 1100ltr General waste
- 1x 1100ltr Food waste
- 2x 240ltr Glass Bin

Bins are collected 3 times a week by Kenny Waste Management at approximately 8am every Monday, Wednesday and Friday, and access is via Corporation Street.

Please also find enclosed a scaled plan showing the refuse storage and collection areas and proforma in Appendix E of the City Council's Waste Storage and Collection Guidance for New Developments.

- 3) In response to details of proposed servicing, please kindly see the below information:

Collection of refuse

Bins are emptied Monday, Wednesday and Friday each week at approximately 8am via Corporation Street (as marked on the scaled plan). Bins are collected by a 7.5-ton vehicle and are then pushed back into the storage area located behind the bar.

Deliveries

Deliveries of stock are made by vans between 8am - 10am 3 - 4 times week via Corporation Street (as marked on the scaled plan).

- 4) Please kindly see the following Management Strategy:

Management Strategy

- Please note that the event is designed to produce a relaxed atmosphere for visitors targeted to the 30-60 years age bracket and operates until 11pm to avoid status as a late-night venue and public nuisance.
- Drink promotions are not engaged with to avoid excessive alcohol consumption and guests who are intoxicated are not encouraged on site. Guests who are found to be intoxicated will be refused service at the bar and will be escorted out of the event area. Similarly, guests who upon entry are found to be intoxicated will be refused entry into the event area. Such measures are in place to prevent anti-social behaviour.
- A zero drugs policy is also in place alongside a Challenge 25 policy throughout the times of event operation. Children must be accompanied by an adult inside the event area, and from 8pm onwards are not permitted near the bar area. Drinks and food are also not permitted from leaving the event area to prevent both anti-social behaviour and crime and disorder.
- Signage reminding visitors to respect the area, businesses and residents upon leaving the area and to keep noise to a minimum are in place, to prevent any potential public nuisance.

- Background music is kept to low levels of noise to allow visitors to interact without raising voices and in turn prevent potential public nuisance.
- The event operators also have installed CCTV and make use of 24/7 security in the event area of between 1-4 guards at any one time, to prevent crime and disorder.

It should be noted that the event took place last year and the system in place was successful and was without complaints.

- 5) Please be advised that there are 3 catering units; A Pizza unit, Ice Cream unit and Multi-purpose unit. An extraction unit is required for the multi-purpose unit and a brand-new unit has been installed. For further details pertaining to the extraction unit, please find a specification sheet enclosed. Please note that the motor is housed inside the unit to minimise noise generated to below 62 decibels at full power. To eliminate any potential odours generated, the unit can be fitted with fragrance pads. In regard to cleaning/maintenance, the canopy is cleaned once a week.
