

Key:

- Woodstone Build-in Open Nest Bird Box x4
- Vivara Pro Build-in Woodstone Bat Box x4

Notes

Boxes of similar specifications but different brand may be used.

Bat boxes should be installed onto the proposed building at least 4m above ground level, positioned facing south to southeast to allow the box to be warmed by the sun.

Bird boxes should be placed between 3 and 5 m above ground. These should be installed onto the proposed building and positioned between north and east to avoid strong sunlight and high winds.
