Review fee calculation

Check your fee calculation to ensure that changes that may alter your fee are covered, as you may need to pay a top-up fee or get a refund. If there are no changes that affect the fee, then your previous payment still stands.

If the system has incorrectly raised your fee due to the fee increases on 6 December 2023, you should select the 'amendment' exemption in the calculator to avoid an additional payment.

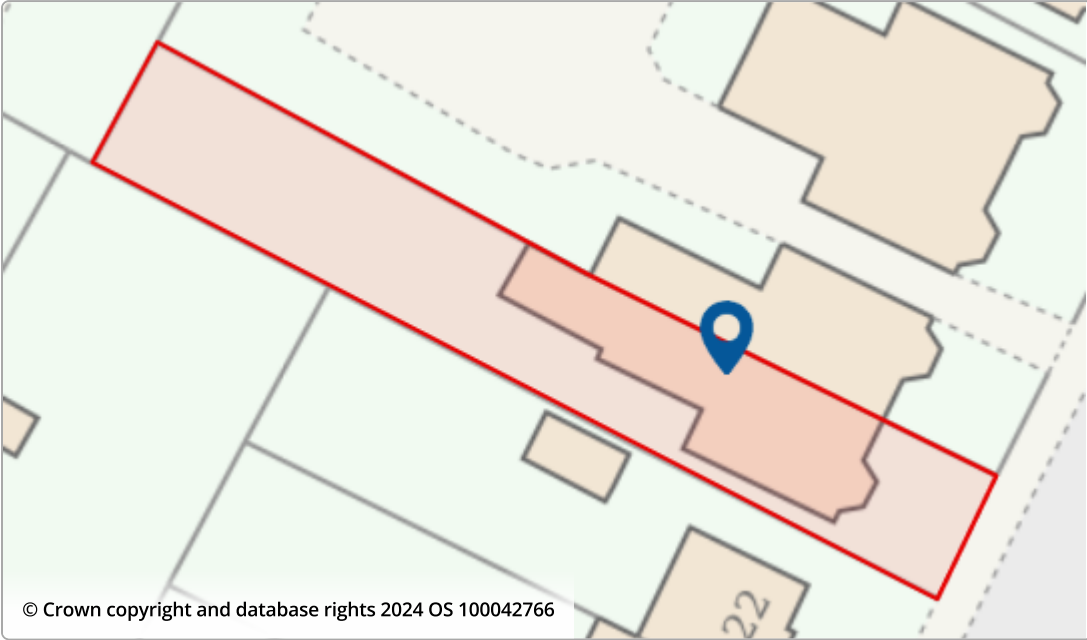

Resubmit application

To resubmit your application you must review your fee calculation once your changes have been made.
