

Memorandum

To Katie Raw

From Syed Rahi

Date 12 March 2024

Subject **139047/FH/2024**

Erection of single storey rear extension together with a single storey outbuilding to the rear for ancillary use, and retention of paving to front amenity space

We have reviewed the above application in relation to highways and our comments are as follows:

CONTEXT

The application seeks consent for the erection of single storey rear extension together with a single storey outbuilding to the rear for ancillary use, and retention of paving to front amenity space at 23 Borland Avenue, Manchester, M40 3LZ.

The site is located adjacent to the adopted Borland Avenue, with adoption extending to the end of the footways.

HIGHWAYS RESPONSE

The proposed development extends only within the red-line boundary of the site and as such, does not impinge upon the adopted highway.

PARKING AND ACCESS:

It appears that an informal driveway is being created therefore dropped kerbs will be required.

Dropped kerbs will need to be provided for the driveway accesses off Borland Avenue to accommodate the parking space.

The new access off Borland Avenue with dropped kerbs will need to be built in accordance with MCC construction standards under a Section 184 vehicle crossing licence/agreement which will need discussion and agreement with the council's Highways Applications and Network Resilience teams via Contact Manchester (Tel. 0161 234 5004). This will be funded at the applicant's expense.
