Growth & Development

Delegated officer report for planning application

Application no. 139552/FH/2024

Date registered valid: 18 March 2024

Proposal: Demolition of garden room and rear porch (utility) and erection of single storey rear extension, incorporating rear and side deck with rear roof overhang, including elevational alterations.

Address: 8 Hesketh Avenue, Manchester, M20 2QW

Ward(s): Didsbury West Ward

Applicant: David Brown & Matthew Dean

Agent (if any): Mrs Magdalena Haener, Pride Road Manchester South

Case officer: Joshua Lee
Tel: 0161 219 2851
Email: joshua.lee@manchester.gov.uk

Recommendation: Approve

Date of recommendation: 01/05/2024

Application details

Type of application: Full Householder Application

Development type: Householder

Date of site visit: 10/04/2024

Departure from Development Plan: No

Environmental Statement: Not required

Description of site/building

Proposal relates to a semidetached dwellinghouse on Hesketh Avenue. The property features an existing garden room and hardstanding to the front for off street vehicle parking and garden to the rear.

Listed building: Not applicable

Conservation area: Not applicable

Tree Preservation Order: Not applicable

Figure 1. Front elevation

Figure 2. Rear Elevation

Description of area

The property is located in a mostly residential part of the Didsbury West ward of Manchester.

© Crown copyright and database rights 2024. Ordnance Survey 100019568

Description of development

The applicant is proposing the demolition of garden room and rear porch (utility) and erection of single storey rear extension, incorporating rear and side deck with rear roof overhang, including elevational alterations.

Single storey rear extension

The proposed rear extension demolishes the existing garden room and utility porch to create a new rear extension. The proposed rear extension projects 4500mm from the existing rear elevation and spans 6780mm across the rear, leaving gaps to the boundary. The extension features a flat roof with rooflights and large glazing to the rear.

The metal cladding is copper brown aluminium Falzonal by PREFAB cladding. Complimented by natural wood. Windows are in black powder coated aluminium.

Figure 3. FALZONAL COPPER BROWN ALUMINIUM BY PREFAB

Rear and side deck with rear roof overhang

The proposal adds a rear deck to the new extension projecting 1400mm. A full-length wall stands along the boundary and supports a roof over the decking. A further decking sits on the side of the existing property projecting 1700mm to meet the side elevation of the new rear extension.

Elevational alterations.

The proposal adds a new side access to the existing basement.

Planning History

There is no planning history at the address.

Consultations & Notification Responses

Consultations

We did not consult any consultees on this proposal.

Notifications

Local Residents

As stated in Appendix 1, people who live near the area were told about the proposal.

No one commented, objected, or gave their opinion on this application.

Relevant policies & the principle of development

Summary of relevant policy

Applications for planning permission must be assessed against the local development plan, unless there are important reasons not to, as stated in planning law.

In considering this application, we consider the following policies relevant.

- [The Manchester Core Strategy Development Plan Document 2012-2027](#) The City Council adopted the core strategy on July 11, 2012. It is the key document in the Manchester Local Plan. The plan determines how Manchester will grow and is used to review development applications. Parts of the policies have been superseded by the Places for Everyone Plan. We consider the following Core Strategy Policies relevant to this proposal.
 - Development Management and Planning Obligations
 - DM 1 - Development Management
 - Objective 1 - Spatial Principles
 - SP 1 - Spatial Principles (partially superseded)
 - Objective 6 Environment
 - EN 1 - Design Principles and Strategic Character Areas
- [Extant Unitary Development Plan \(UDP\)](#) - The Core Strategy replaced most of the UDP. However, some UDP Development Control policies are still in effect. The following extant policy are still considered relevant to this proposal.
 - DC1 - Residential Extensions
- [Places for Everyone Plan Joint Development Plan Document 2022-2039](#) - Places for Everyone is a long-term plan of nine Greater Manchester districts for jobs, new homes, and sustainable growth. It has been published by the GMCA on behalf of the nine districts and took effect and became part of the statutory development plan on March 21, 2024.
 - Strategy
 - JP-Strat9: Southern Areas
 - Sustainable and Resilient Places
 - JP-S1: Sustainable Development
 - Places for People
 - JP-P1 Sustainable Places
- [The National Planning Policy Framework \(The NPPF\)](#) – The NPPF was first published on 27 March 2012 and updated on 24 July 2018, 19 February 2019, 20 July 2021, 5 September 2023 and 19 December 2023. It sets out the government’s planning policies for England and how these are expected to be applied. We consider the following sections relevant to this proposal.
 - Section 4 – Decision-making
 - Section 12 – Achieving well-designed places

Principle of the development

Residents can usually expand their homes for more space, as long as it doesn't affect the neighbourhood or property's character.

The proposal's principle is acceptable. No factors in amenity terms would warrant refusal.

After careful consideration, it is concluded that the proposed development aligns with the Manchester Core Strategy, Extant UDP, Places for Everyone Plan and the NPPF. This conclusion is based on the assessment in the sections that follow.

The Manchester Core Strategy Development Plan (2012-2027)

We have assessed the proposal against the following policies of the Core Strategy.

Development Management and Planning Obligations

DM 1 – Development Management

New developments must adhere to the 'Development Principles' and design guidance in the Supplementary Planning Documents.

We have assessed the proposal against the following issues.

Appropriate siting, layout, scale, form, massing, materials, and detail

The new addition is designed to match the style and features of the current building. This includes the windows.

The proposal uses timber and metal cladding and a grey flat roof. New materials introduced are complementary to the existing colour and texture palette.

The proposal is designed to be subservient to the original dwelling house.

Officers consider the new development to be acceptable in its siting, layout, scale, form, massing, materials, and detail.

Impact on the surrounding areas in terms of the design, scale, and appearance of the proposed development. Development should have regard to the character of the surrounding area.

The proposal cannot be seen from the street, so it does not change the street's character.

The proposed development won't significantly change the area's character, so its appearance is acceptable.

The proposal is similar in size and scale to others nearby. Therefore, it can fit on the property site and won't disrupt the area's existing features.

The proposal's design would match the nearby properties. It would use the specified brick and tile materials.

In general, the proposed development has little impact on the surrounding areas. The design, scale, and appearance are all in line with the development management principle.

Effects on amenity, including privacy, light, noise, vibration, air quality, odours, litter, vermin, birds, road safety and traffic generation.

The proposal includes adding large glass doors at the back of the building. These doors face into the rear gardens of property on Bamford Grove. The design of the boundary and its distance help reduce privacy concerns.

The proposed rear decking would be at floor level, and not much higher than ground. The wall and roof provides a good amount of privacy screening from the attached neighbour.

The proposed side decking would sit within the recess of the main dwelling and proposed extension and have a minimal effect the privacy due to the design of the boundary and existing windows to the elevation.

There is a small bathroom window proposed adjacent the shared boundary with no. 6 Hesketh Avenue. To ensure privacy a condition has been added to obscure glaze the window.

The proposal is expected to have a negligible effect on local light.

The proposal in of itself has a negligible effect on local noise levels or vibration. We understand that demolition and construction can be loud and disruptive to the local residents. Contractors should use construction guidance to reduce emissions and minimize disruptions for residents.

The proposal is expected to have a negligible effect on air quality or odours.

The proposal is expected to have a negligible effect on litter, vermin, or birds.

The proposal is expected to have a negligible effect on road safety and traffic generation.

Overall, the proposal has a negligible impact on privacy, light, noise, air quality, and other factors. So, it follows this principle of development management.

Accessibility: buildings and neighbourhoods fully accessible to disabled people, access to new development by sustainable transport modes.

The proposal does not change how people can get in and out of the building.

The proposal is therefore in accordance with this development management principle.

Adequacy of internal accommodation and external amenity space.

The proposal adds space inside the property with minimal effect to the outdoor area.

This follows the development management principle.

Refuse storage and collection.

The proposal itself has little impact on waste from the site. It uses the current storage and collection methods on site. We recognize that demolition and/or construction works often generate commercial waste. We expect contractors to follow best practices in waste management.

The proposal is in accordance with this development management principle.

Vehicular access and car parking

The proposal doesn't change how vehicles access and park at the property, so it follows the development management principle.

Effects relating to biodiversity, landscape, archaeological or built heritage

The applicant and consultees did not find any contamination or stability issues at the site.

The proposal does not sit within a Conservation Area or near a designated heritage asset.

Green Infrastructure including open space, both public and private

The dwelling benefits from a garden beyond the siting of the proposed development.

The proposal would minimally affect green infrastructure and would balance new development with existing green space.

The proposal is therefore in accordance with this development management principle.

Flood risk and drainage.

The site is not located in a flood risk area and therefore does not require a flood statement or assessment.

The proposal has a negligible impact on drainage using the existing drainage on site.

The proposal is therefore in accordance with this development management principle.

Objective 1 - Spatial Principles

SP 1 - Spatial Principles

This policy outlines the guiding spatial principles and core development principles of Manchester City Council.

Most notably the core development principles highlight development should ‘make a positive contribution to neighbourhoods of choice’.

We consider this proposal to accord with the principles of this policy.

Objective 6 Environment

EN 1 – Design Principles and Strategic Character Areas

This policy outlines the key design principles for development in Manchester. All development in Manchester will be expected to follow the seven principles of urban design.

This proposal sits within the ‘Southern Character Area’.

We consider this proposal to accord with the principles of this policy.

Extant Unitary Development Plan (UDP)

The Core Strategy replaced most of the UDP, but some UDP policies still apply to this proposal.

DC1 - Residential Extensions

This policy outlines the key issues when considering proposed residential extensions.

We consider this proposal to accord with the principles of this policy.

Places for Everyone Plan (2022 – 2039)

We have assessed the proposal against the following policies of the Places for Everyone Plan.

Strategy

JP-Strat9: Southern Areas

This policy outlines the spatial strategy for the Southern Areas of the City Region which includes Southern areas of Manchester.

We consider this proposal to accord with the principles of this policy.

Sustainable and Resilient Places

JP-S1: Sustainable Development

This policy outlines how, to help tackle climate change, development should aim to maximise its economic, social, and environmental benefits simultaneously, minimise its adverse impacts, utilise sustainable construction techniques and actively seek opportunities to secure net gains across each of the different objectives.

We consider this proposal to accord with the principles of this policy.

Places for People

JP-P1 Sustainable Places

This policy outlines how we aim to become one of the most liveable city regions in the world, consisting of a series of beautiful, healthy, and varied places.

We consider this proposal to accord with the principles of this policy.

The National Planning Policy Framework (NPPF)

The National Planning Policy Framework explains the government's planning policies for England. It also explains how to use these policies.

At all stages of the application, we have adhered to and considered the NPPF.

Section 4 - Decision-making

Section 4 of the NPPF outlines how local planning authorities should approach decisions on proposed development in a positive and creative way.

Section 4 of the NPPF has been adhered to and considered at all stages of the proposal.

Section 12 - Achieving well-designed places

Section 12 of the NPPF outlines the need to achieve well-designed places.

We consider this proposal to accord with the principles of the NPPF.

Other Material Considerations

Other material considerations & policy may be relevant to the proposal as follows:

- [Guide to Development in Manchester Supplementary Planning Document and Planning Guidance \(April 2007\)](#)
- [Manchester Residential Quality Guide \(July 2016\) \(MRQG\)](#)
- [Manchester, Salford, and Trafford Strategic Flood Risk Assessment](#)
- [Manchester City Council Highways Developer Design Guidance – Sustainable Drainage Systems](#)
- [Manchester City Council Planning and Noise Technical Guidance \(2022\)](#)
- [Air Quality & Planning Technical Guidance \(2022\)](#)
- [Planning and Contaminated Land Technical Guidance \(2021\)](#)
- [Greater Manchester Joint Waste Development Plan Document \(GMJWDPD\)](#)
- [Waste Storage and Collection Guidance for New Developments \(2017\)](#)
- [Hot Food Takeaway Supplementary Planning Document \(2017\)](#)
- [Manchester City Council Houses in Multiple Occupation Guidance and Amenity Standards \(2020\)](#)
- [Manual for Streets \(2007\)](#)
- [National design guide & National Model Design Code \(2021\)](#)
- [Outdoor advertisements and signs: a guide for advertisers \(2007\)](#)

Other Legislative Requirements

Equality Act 2010

Section 149 (Public Sector Equality Duty) of the Equality Act 2010 requires due regard to the need to: Eliminate unlawful discrimination, harassment and victimisation and other conduct prohibited by the Act and; Advance equality of opportunity between persons who share a protected characteristic and persons who do not share it. The Equality Duty does not impose a legal requirement to conduct an Equality Impact Assessment. Compliance with the Equality Duty involves consciously thinking about the aims of the Equality Duty as part of the process of decision-making.

Human Rights Act 1998 considerations

This application needs to be considered against the provisions of the Human Rights Act 1998. Under Article 6, the applicants (and those third parties, including local residents, who have made representations) have a right to a fair hearing and to this end the local planning authority must give full consideration to their comments.

Protocol 1 Article 1, and Article 8 where appropriate, confer(s) a right of respect for a person's home, other land and business assets. In taking account of all material considerations, including Council policy as set out in the Core Strategy and saved policies of the Unitary Development Plan, the Director of Planning, Building Control & Licensing has concluded that some rights conferred by these articles on the applicant(s)/objector(s)/resident(s) and other occupiers and owners of nearby land that might be affected may be interfered with but that that interference is in accordance with the law and justified by being in the public interest and on the basis of the planning merits of the development proposal. She believes that any restriction on these rights posed by the recommendation given is

proportionate to the wider benefits of and that such a decision falls within the margin of discretion afforded to the Council under the Town and Country Planning Acts.

Conclusion

We find the proposal's design, size, and appearance acceptable for this location. It won't harm nearby properties or the street's character. There are no other material considerations of enough weight to say otherwise. Due to these reasons, the proposal is not likely to have a negative impact. It aligns with the relevant Core Strategy, Extant UDP, Places for Everyone, NPPF policies, and other material considerations.

Recommendation: Approve

Article 35 Declaration

Officers have collaborated with the applicant in a positive and proactive manner. We assessed the proposal with regards to policies outlined in the National Planning Policy Framework, Unitary Development Plan Saved Policies, Local Development Framework Core Strategy Development Plan, Places for Everyone Joint Plan and other material considerations. No significant problems have arisen during the consideration of this application.

Condition(s) to be attached to decision for approval

1. 3-year time limit

The development must be begun not later than the expiration of three years beginning with the date of this permission.

Reason - Required to be imposed pursuant to Section 91 of the Town and Country Planning Act 1990.

2. Specified plans

The development hereby approved shall be carried out in accordance with the following drawings and documents:

- | | | |
|-------------------------------|-------------|--|
| a. Drawing - Location Plan | 18 Mar 2024 | THE LOCATION PLAN |
| b. Drawing - Site Plan | 18 Mar 2024 | 00 REV A EXISTING SITE PLAN |
| c. Drawing - Existing | 18 Mar 2024 | 01 REV A BASEMENT & GROUND FLOOR PLANS |
| d. Drawing - Existing | 18 Mar 2024 | 02 REV A LEVEL 01, 02, LOFT & ROOF PLANS |
| e. Drawing - Existing | 18 Mar 2024 | 03 REV A SECTIONS 1-1 & 2-2 |
| f. Drawing - Existing | 18 Mar 2024 | 04 REV A NORTH & WEST ELEVATIONS |
| g. Drawing - Existing | 18 Mar 2024 | 05 REV A SOUTH & EAST ELEVATIONS |
| h. Drawing - Proposed | 18 Mar 2024 | 11 REV B BASEMENT & GROUND FLOOR PLANS |
| i. Drawing - Proposed | 18 Mar 2024 | 12 REV B LEVEL 01, 02 & ROOF FLOOR PLANS |
| j. Drawing - Proposed | 18 Mar 2024 | 13 REV B SECTION |
| k. Drawing - Proposed | 18 Mar 2024 | 14 REV B NORTH & WEST ELEVATIONS |
| l. Drawing - Proposed | 18 Mar 2024 | 15 REV B SOUTH & EAST ELEVATIONS |
| m. Tree survey or information | 18 Mar 2024 | TREE SURVEY SKETCH |

Reason - To ensure that the development is carried out in accordance with the approved plans, pursuant to policies DM 1, SP 1 and EN 1 of the Core Strategy.

3. Specified materials

- a. The materials to be used on the external surfaces hereby permitted shall match those as specified on the application form in type, size, colour, and texture.
- b. The cladding applied to the external elevations of the development shall match the specification as confirmed by the applicant:
 - i. FALZONAL COPPER BROWN ALUMINIUM BY PREFA
 - ii. Natural Timber

Reason - To ensure that the development is carried out in accordance with the approved plans and visual amenity of the area, pursuant to policies DM 1, SP 1 and EN 1 of the Core Strategy and JP-P1 & of Places for Everyone.

4. Obscure glazing

Before first occupation the windows in the elevation adjacent the shared boundary with no. 6 Hesketh Avenue shall be obscure glazed to a specification of no less than level 5 of the Pilkington Glass Scale or such other alternative equivalent and shall remain so in perpetuity.

Reason - To protect the amenity and living conditions of adjacent residential property from overlooking or perceived overlooking and in accordance with policies SP1 and DM1 of the Core Strategy.

5. Additional glazing restriction

Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) (Amendment) Order 2015, (or any order revoking and re-enacting that Order with or without modification), no additional glazing, windows, or doors, other than those shown on the approved plans, shall be inserted at the property unless Planning Permission is specifically granted.

Reason - In the interests of the amenities of the occupiers of the neighbouring residences, pursuant to policy DM 1 of the Core Strategy for the City of Manchester, saved policy DC1 of the Unitary Development Plan and JP-S1 and JP-P1 of Places for Everyone.

6. Flat roof restriction

The flat roof of the extension(s) shall not be used for any other purpose other than as a means of escape in emergency or for maintenance of the building.

Reason - To safeguard the amenities of the adjoining premises for overlooking or perceived overlooking and in accordance with policies SP1 and DM1 of the Core Strategy and JP-S1 and JP-P1 of Places for Everyone.
