Details of the pre-application advice received

Previous approval of conditions application dated 10/02/2023 included an Architectural Method statement and Contractors method statement. It appears the Architectural method statement could not be downloaded. This was the key document required and resulted in refusal on 13 February 2024. Emily Booth kindly suggested the best way to resolve this would be resubmit this application. The reason I am mentioning this is because we did not brazenly alter a listed building without the proper forms - it appears to be a computer error.
