Description of area

Description of development

Consultations & Notification Responses

Highway Services -

In regard to Condition 11 (EV Charging) Drawing 'VAR RDG XX 00 DR E 60102' demonstrates the infrastructure and provision of the EV chargers and further details have been provided on the charging infrastructure specification. The information is sufficient to allow them to recommend the discharge of the condition from a Highways perspective.

Environmental Health – The EV is fine

Issues

Other Legislative Requirements

Equality Act 2010

Section 149 (Public Sector Equality Duty) of the Equality Act 2010 requires due regard to the need to: Eliminate unlawful discrimination, harassment and victimisation and other conduct prohibited by the Act and; Advance equality of opportunity between persons who share a protected characteristic and persons who do not share it. The Equality Duty does not impose a legal requirement to conduct an Equality Impact Assessment. Compliance with the Equality Duty involves consciously thinking about the aims of the Equality Duty as part of the process of decision-making.

Human Rights Act 1998 considerations

This application needs to be considered against the provisions of the Human Rights Act 1998. Under Article 6, the applicants (and those third parties, including local residents, who have made representations) have a right to a fair hearing and to this end the local planning authority must give full consideration to their comments.

Protocol 1 Article 1, and Article 8 where appropriate, confer(s) a right of respect for a person's home, other land and business assets. In taking account of all material considerations, including Council policy as set out in the Core Strategy and saved policies of the Unitary Development Plan, the Director of Planning, Building Control & Licensing has concluded that some rights conferred by these articles on the applicant(s)/objector(s)/resident(s) and other occupiers and owners of nearby land that might be affected may be interfered with but that that interference is in accordance with the law and justified by being in the public interest and on the basis of the planning merits of the development proposal. She believes that any restriction on these rights posed by the recommendation given is proportionate to the wider benefits of and that such a decision falls within the margin of discretion afforded to the Council under the Town and Country Planning Acts.

Recommendation: Approve

Article 35 Declaration

Condition(s) to be attached to decision for approval OR Reasons for recommendation to refuse

Condition no.11 EVC's

11) The details on the Electrical services external layout plan ref: VAR-RDG-XX-00-DR-E-60102 rev.P03 (indicating underground power ducting and electric vehicle charging points) and the details within the Fast Charging Twin charger T3/T7/T11/T22 datasheet have been reviewed and are considered to be acceptable.

On the basis that the development is implemented in accordance with the document and plan referenced above prior to the school accommodation being brought into use, and the electric vehicle charging points remain in situ whilst the use or development is in operation, condition no.11 is discharged.
