Delegated officer report for planning application

Application no. 138279/FO/2023 & 138280/LO/2023

Date registered valid: 27 October 2023

Proposal: **138279** - Change of use, refurbishment and alteration to create a bar restaurant (Use Class sui generis) including replacement roof and removal of conservatory
139280 - Listed Building Consent for refurbishment and alteration to create a bar restaurant (Use Class sui generis) including replacement roof and removal of conservatory

Address: The Stables, Grape Street, Manchester

Ward(s): Deansgate Ward

Applicant: Snaith All Studios Holdings Limited

Agent (if any): Mrs Deborah Baker Barnett Zerum

Case officer: Lucy Harrison

Description of site/building

Listed building: Grade II

Conservation area: Castlefield Conservation Area 1979

Tree Preservation Order:

Description of area

The site comprises two former stable blocks linked by a glazed element to comprise a single building. It is bounded by Grape Street to the north and sits at the eastern end of the Grade II listed Bonded Warehouse. The building is Grade II listed and is within Castlefield Conservation Area.

The site forms part of the former Granada television studios site. It is covered by the St John's Masterplan, which has been endorsed by the Council through the St John's Strategic Regeneration Framework (SRF). The site is within Enterprise City, the commercial focus of the St John's neighbourhood. Nearby uses include the Science and Industry Museum; a hotel; offices; and residential uses east of Lower Byrom Street.

Planning and listed building consent was approved in April 2021 for change of use to a gym (Use Class D2) with ancillary café and beauty salon facilities to ground floor, and a bar (Use Class A4) with microbrewery (Use Class B2) and outdoor terrace to first floor (planning references 126940/FO/2020, 126941/LO/2020).

Description of development

The proposal is to use the ground floor of the building as a bar and restaurant (sui generis). This would involve the removal of the glazed conservatory structure that covers the courtyard in between the two parts of the building. The restaurant would be situated within the western wing of the building and the bar would be in the eastern side. The central courtyard would be used for outdoor seating. The refurbishment works would maintain the exposed brick walls and brick vaulted ceilings, with works comprising:

- Removal, alteration and insertion of partitions;
- Removal of the conservatory structure;
- Removal of the Rovers Return façade;
- Replacement of roof, involving re-battening, re-lining and replacement of slates with Welsh slate.

Consultations & Notification Responses

Publicity - The application was advertised as a major development, affecting a Conservation Area and in the public interest, and a site notice has been displayed on site. Occupiers of neighbouring properties have been notified of the application. No representations have been received.

Environmental Health – Recommends conditions regarding fumes, opening hours, servicing hours, waste storage, fumes and acoustics.

Highways – Recommends cycle parking, waste management strategy and a Construction Management Plan.

Issues

The main issues to consider in assessing this application are the principle of the use, its impact on amenity in terms of noise and disturbance and fumes, visual amenity, heritage issues (listed building and conservation area), crime and disorder, highway safety and the provision of disabled access. The application should be considered against the following policies:

Core Strategy and Save UDP Policies

Policies SP1 (Spatial Principles), EC1 (Employment and Economic Growth in Manchester), EC3 (The Regional Centre), CC1 (Primary Economic Development Focus (City Centre and fringe), CC4 (Visitors, tourist, culture and leisure), CC7 (Mixed Use Development), CC9 (Design and Heritage), CC10 (A Place for Everyone), EN3 (Heritage) and DM1 (Development Management) of the Adopted Core Strategy for the City of Manchester; and saved policies DC26 (Development and Noise) and DC10.1 and 10.4 (Food and Drink Uses) of the Unitary Development Plan for the City of Manchester are relevant to this application.

Places for Everyone

The Places for Everyone Plan is a Joint Development Plan Document, which provides a strategic plan and policies, for nine of the 10 boroughs which make up Greater Manchester. It was adopted on 21 March 2024 and forms part of Manchester's development plan.

Policy JP-P 1 (Sustainable Places) aims to create one of the most liveable city regions in the world, consisting of a series of beautiful, healthy and varied places, each having the following key attributes that all development, wherever appropriate, should be distinctive, with a clear identity, visually stimulating, socially inclusive, resilient, adaptable, durable, resource efficient, safe, supported by critical infrastructure, functional and convenient, incorporating accessibility, legible easy to move around, well connected, comfortable and inviting, incorporating high quality and well managed green infrastructure and public realm, well served by local shops, services and amenities.

Policy JP-P 2 (Heritage) aims to proactively manage and work with partners to positively conserve, sustain and enhance its historic environment and heritage assets and their settings. The policy requires development proposals affecting a designated heritage asset to conserve those elements which contribute to its significance including those identified in any conservation area appraisal as making a positive contribution to the area. Harm to such elements will only be permitted where this is clearly justified and outweighed by the public benefits of the proposal.

National Planning Policy Framework (NPPF)

The NPPF sets out Government planning policies for England and how these are expected to apply. The NPPF seeks to achieve sustainable development and states that sustainable development has an economic, social and environmental role (paragraphs 7 & 8). Paragraphs 10, 11, 12, 13 and 14 of the NPPF outline a “presumption in favour of sustainable development”. This means approving development, without delay, where it accords with the development plan (para 11). Paragraphs 11 and 12 state that:

"For decision-taking this means: approving proposals that accord with an up-to-date development plan without delay" and “where a planning application conflicts with an up-to-date

development plan (including any neighbourhood plans that form part of the development plan), permission should not usually be granted. Local planning authorities may take decisions that depart from an up-to-date development plan, but only if material considerations in a particular case indicate that the plan should not be followed”.

The following sections of the NPPF are relevant to the consideration of this application: Section 6 (Building a Strong, Competitive Economy), Section 7 (Ensuring the Vitality of Town Centres), Section 12 (Achieving Well-Designed places) and 16 (Conserving and Enhancing the Historic Environment).

Principle of the Use

The principle of a bar use in this location has been accepted under the previous permission. The proposal would help to create a complementary mix of uses that would combine to create a sense of place, which ensures life and vitality during evenings and at weekends. This is in line with the SRF. The proposed uses are considered to be appropriate within the City Centre and are supported by Policies EC1, EC3, CC1 and CC7.

Amenity

The nearest residential properties lie to the north east on Lower Byrom Street and Little John Street. The application is accompanied by an Acoustic Assessment which predicts acceptable noise levels within the building and in the courtyard area. Conditions requiring these levels to be met and requiring details of fume extraction and restricting hours of operation should be attached to ensure residential amenity is maintained. Given the above it is considered that the proposal would be in accordance with national and local policy, including Policy DM1 and saved policies DC26 and DC10.

Visual Amenity and Heritage

The proposed external changes to the scheme would help revert the building back to its former appearance with the removal of later additions such as the Rovers Return frontage and the conservatory-style roof over the courtyard, improving the visual amenity of the building and restoring it more to its historic appearance. The internal changes are minor, involving the removal of modern partitions and installation of furnishings and limited wall coverings associated with the kitchen areas. The works would be in keeping with the character and appearance of the building. The external changes would maintain the character and appearance of Castlefield Conservation Area. It is considered therefore that the proposal would not cause harm to designated and non-designated heritage assets and would be in accordance with CC9 and EN3 of the Core Strategy, JP-P2 of PfE and the NPPF.

Crime and Disorder

A Crime Impact Statement has been submitted, which concludes that the use is suitable for the area and would not conflict with surrounding uses that are of a similar nature. The CIS makes recommendations to enhance the security of the development. The proposal would bring a vacant building back into use and would improve natural surveillance in the area. A management strategy would ensure the use does not cause any nuisance or anti-social behaviour.

Highway Safety

Highway impacts are confined to servicing vehicles and a condition should be applied to any permission to ensure servicing takes place in accordance with an approved servicing strategy.

Access

The proposal would have level access into and throughout the ground floor of the building, ensuring access for all.

Conclusion

Given the above, it is considered that the proposed amendments would have an acceptable impact on amenity, heritage assets, crime and disorder, highways and accessibility, and would be in accordance with national and local planning policy. The application should therefore be approved.

Other Legislative Requirements **Equality Act 2010**

Section 149 (Public Sector Equality Duty) of the Equality Act 2010 requires due regard to the need to: Eliminate unlawful discrimination, harassment and victimisation and other conduct prohibited by the Act and; Advance equality of opportunity between persons who share a protected characteristic and persons who do not share it. The Equality Duty does not impose a legal requirement to conduct an Equality Impact Assessment. Compliance with the Equality Duty involves consciously thinking about the aims of the Equality Duty as part of the process of decision-making.

Human Rights Act 1998 considerations

This application needs to be considered against the provisions of the Human Rights Act 1998. Under Article 6, the applicants (and those third parties, including local residents, who have made representations) have a right to a fair hearing and to this end the local planning authority must give full consideration to their comments.

Protocol 1 Article 1, and Article 8 where appropriate, confer(s) a right of respect for a person's home, other land and business assets. In taking account of all material considerations, including Council policy as set out in the Core Strategy and saved policies of the Unitary Development Plan, the Director of Planning, Building Control & Licensing has concluded that some rights conferred by these articles on the applicant(s)/objector(s)/resident(s) and other occupiers and owners of nearby land that might be affected may be interfered with but that that interference is in accordance with the law and justified by being in the public interest and on the basis of the planning merits of the development proposal. She believes that any restriction on these rights posed by the recommendation given is proportionate to the wider benefits of and that such a decision falls within the margin of discretion afforded to the Council under the Town and Country Planning Acts.

Recommendation:

Article 35 Declaration

In assessing the merits of a planning application, officers will seek to work with the applicant in a positive and proactive manner to seek solutions to problems arising in relation to dealing with the planning application. The planning officer worked with the applicant to resolve issues relating to heritage and amenity.

Condition(s) to be attached to decision for approval OR Reasons for recommendation to refuse

128279/FO

1) The development must be begun not later than the expiration of three years beginning with the date of this permission.

Reason - Required to be imposed pursuant to Section 91 of the Town and Country Planning Act 1990.

2) The development hereby approved shall be carried out in accordance with the following drawings and documents:

The Stables Location Plan, received by the City Council as local planning authority on 17 October 2023;

002 Rev B - Proposed GA Plan

003 Rev A - Proposed Exterior Elevation AA, received by the City Council as local planning authority on 14 May 2024

004 Rev B - Elevations BB CC DD, received by the City Council as local planning authority on 14 May 2024

005 Rev B - Elevations EE FF GG HH II, received by the City Council as local planning authority on 13 May 2024

006 Rev A - Elevations JJ KK LL MM NN OO, received by the City Council as local planning authority on 13 May 2024

007 Rev A - Elevations PP QQ RR SS, received by the City Council as local planning authority on 13 May 2024

012 - As is & Proposed Roof Plans

008 - Proposed Lighting Plan

010 - Demolition Plan

011 - Roof to be repaired

013 - Drainage Plan

015 Rev A - Window Detail

016 Rev A - Waste Collection Plan

Tracking Plan 432.001773.00001-TR100 RevA received by the City Council as local planning authority on 6 June 2024

Planning & Listed Building Statement dated October 2023 by Zerum;

Design and Access Statement July 2023 by Kio Architecture and Design as amended by the above drawings;

Acoustic Planning Report Ref: 023690-R01-C, dated 20 December 2023, by Sandy Brown;

Waste Management Strategy received by the City Council as local planning authority on 28 February 2024, as amended by drawing number 016 Rev A Waste Collection Plan and Tracking Plan 432.001773.00001-TR100 RevA, both received by the City Council as local planning authority on 6 June 2024;

Operational Management Plan, February 2024 Revision B by Allied London.

Reason - To ensure that the development is carried out in accordance with the approved plans, pursuant to policies SP1 and DM1 of the Core Strategy.

3) Prior to the commencement of development, a detailed construction management plan (CMP) outlining working practices during development shall be submitted to and approved in writing by the City Council as Local Planning Authority. For avoidance of doubt, the CMP shall include the following:

- *Display of an emergency contact number;
- *Details of Wheel Washing;
- *Dust suppression measures;
- *Compound locations where relevant;
- *Location, removal and recycling of waste;
- *Phasing and quantification / classification of vehicular activity associated with planned construction with commentary on types and frequency of vehicular demands;
- *Routing strategy and swept path analysis;
- *Parking of construction vehicles and staff; and
- *Sheeting over of construction vehicles;

Development shall be carried out in accordance with the approved construction management plan.

Reason - To safeguard the amenities of nearby residents and highway safety, pursuant to policies SP1, EN9, EN19 and DM1 of the Manchester Core Strategy.

4) No development that is hereby approved shall commence unless and until samples and specifications of all materials to be used on all external elevations of the development have been submitted to and approved in writing by the City Council as local planning authority.

Reason - To ensure that the appearance of the development is acceptable to the City Council as local planning authority in the interests of the visual amenity of the area within which the site is located, as specified in policies SP1 and DM1 of the Core Strategy.

5) Servicing arrangements (including deliveries) for the development shall be carried out in accordance with a Servicing Strategy that has been submitted to and approved in writing by the City Council as local planning authority. The approved Servicing Strategy shall be implemented prior to the first occupation of the development and shall remain in situ whilst the use or development is in operation.

Reason - In the interests of public and highway safety and the protection of residential amenity, pursuant to policy DM 1 of the Core Strategy for the City of Manchester.

6) The window(s) at ground level, fronting onto Grape Street shall be retained as a clear glazed window opening at all times and views into the premises shall not be screened or obscured in any way.

Reason - The clear glazed window(s) is an integral and important element in design of the ground level elevations and are important in maintaining a visually interesting street-scene consistent with the use of such areas by members of the public, and so as to be consistent with saved policy DC14 of the Unitary Development Plan for the City of Manchester and policies SP1 and DM1 of the Core Strategy.

7) a) Fumes, vapours and odours shall be extracted and discharged from the premises in accordance with a scheme to be submitted to and approved in writing by the City Council as local planning authority before the use commences. Any works approved shall be implemented in full before the use commences.

b) Prior to commencement of the use hereby approved confirmation shall be submitted for the approval of the City Council as local planning authority that the approved scheme has been implemented.

Reason - In the interests of the amenities of occupiers of nearby properties pursuant to policies DM1 and SP1 of the Manchester Core Strategy (2012)

8) Waste management arrangements for the development shall be carried out in accordance with the Waste Management Strategy received by the City Council as local planning authority on 28 February 2024, as amended by drawing number 016 Rev A Waste Collection Plan and Tracking Plan 432.001773.00001-TR100 RevA, both received by the City Council as local planning authority on 6 June 2024. The approved waste management arrangements shall be implemented prior to the first occupation of the development and shall remain in situ whilst the use or development is in operation.

Reason - In the interests of amenity and public health pursuant to policies DM1 and SP1 of the Manchester Core Strategy (2012).

9) a) The premises shall be acoustically insulated and treated to limit the break out of noise in accordance with the Acoustic Planning Report Ref: 023690-R01-C, dated 20 December 2023, by Sandy Brown. The scheme shall be implemented in full before the use commences.

Where entertainment noise is proposed the LAeq (entertainment noise) shall be controlled to 5dB below the LA90 (without entertainment noise) in each octave band at the facade of the nearest noise sensitive location, and internal noise levels at structurally adjoined residential properties in the 63HZ and 125Hz octave frequency bands shall be controlled so as not to exceed (in habitable rooms) 47dB and 41dB (Leq,5min), respectively.

b) Prior to occupation of the development a verification report to validate that the work undertaken throughout the development conforms to the recommendations and requirements in the approved acoustic consultant's report shall be submitted to and approved in writing by the City Council as local planning authority. The verification report shall include post completion testing to confirm that acceptable criteria has been met. Any instances of non-conformity with the recommendations in the report shall be detailed along with any measures required to ensure compliance with the agreed noise criteria and timescales for the implementation of those measures.

Reason - To safeguard the amenities of the occupiers of the building and occupiers of nearby properties pursuant to policies DM1 and SP1 of the Manchester Core Strategy (2012) and saved policy DC26 of the Unitary Development Plan (1995).

10) a) Externally mounted ancillary plant, equipment and servicing shall be selected and/or acoustically treated in accordance with a scheme designed so as to achieve a rating level of 5dB (LAeq) below the typical background (LA90) level at the nearest noise sensitive location. Prior to commencement of the use hereby approved the scheme shall be submitted to and approved in writing by the City Council as local planning authority in order to secure a reduction in the level of noise emanating from the site. The scheme shall be implemented in full before the use commences.

b) Prior to occupation of the development a verification report to validate that the work undertaken throughout the development conforms to the recommendations and requirements in the approved acoustic consultant's report shall be submitted to and approved in writing by the City Council as local planning authority. The verification report shall include post completion testing to confirm that acceptable criteria has been met. Any instances of non-conformity with the recommendations in the report shall be detailed along with any measures required to ensure compliance with the agreed noise criteria and timescales for the implementation of those measures.

Reason - To minimise the impact of the development and to prevent a general increase in pre-existing background noise levels around the site pursuant to policies DM1 and SP1 of the Manchester Core Strategy (2012) and saved policy DC26 of the Unitary Development Plan (1995).

11) No part of the development shall be occupied until space and facilities for bicycle parking have been provided in accordance with details to be submitted to and approved in writing by the City Council as local planning authority. The approved space and facilities shall then be retained and permanently reserved for bicycle parking.

Reason - To ensure that adequate provision is made for bicycle parking so that persons occupying or visiting the development have a range of options in relation to mode of transport in order to comply with policies SP1, T1 and DM1 of the Core Strategy.

12) The premises shall not be open outside the following hours:

Monday - Wednesday 07:30 – 00:30;
Thursday 07:30 – 01:30;
Friday 07:30 - 02:00;
Saturday 11.00 – 02:00;
Sunday 11.00 – 23:00.

The last entry time on Mondays to Saturdays shall be 00:00 (midnight).

The outdoor seating area shall not be open after the hour of 23:00 every night.

Reason - To safeguard the amenities of the occupiers of nearby residential accommodation pursuant to policy DM1 and SP1 of the Manchester Core Strategy (2012) and Unitary Development Plan for Manchester (1995).

13) Deliveries, servicing and collections, including waste collections shall not take place outside the following hours:

07:30 to 20:00, Monday to Saturday;
10:00 to 18:00, Sundays/Bank Holidays.

Reason - To safeguard the amenities of the occupiers of nearby residential accommodation pursuant to policies DM1 and SP1 of the Manchester Core Strategy (2012).

14) There shall be no music or amplified sound in the external areas at any time.

Reason - in the interest of the amenity of surrounding occupiers, pursuant to policies DM1 and SP1 of the Manchester Core Strategy (2012) and saved policy DC26 of the Unitary Development Plan for Manchester (1995).

15) Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) (England) Order 2015 (as amended) (or any order revoking and re-enacting that Order with or without modification) no part of the development hereby approved shall be used for any purpose other than the purpose of a bar restaurant (Sui Generis) of the Schedule to the Town and Country Planning (Use Classes) Order 1987 (as amended) (or in any provision equivalent to that Class in any statutory instrument revoking and re-enacting that Order with or without modification).

Reason - To safeguard the amenities of the neighbourhood by ensuring that other uses which could cause a loss of amenity do not commence without prior approval pursuant to Core Strategy policies SP1 and DM1.

128280/LO

1) The development must be begun not later than the expiration of three years beginning with the date of this permission.

Reason - Required to be imposed pursuant to Section 18 of the Planning (Listed Buildings and Conservation Areas) Act 1990.

2) The development hereby approved shall be carried out in accordance with the following drawings and documents:

The Stables Location Plan, received by the City Council as local planning authority on 17 October 2023;

002 Rev B - Proposed GA Plan

003 Rev A - Proposed Exterior Elevation AA, received by the City Council as local planning authority on 14 May 2024

004 Rev B - Elevations BB CC DD, received by the City Council as local planning authority on 14 May 2024

005 Rev B - Elevations EE FF GG HH II, received by the City Council as local planning authority on 13 May 2024

006 Rev A - Elevations JJ KK LL MM NN OO, received by the City Council as local planning authority on 13 May 2024

007 Rev A - Elevations PP QQ RR SS, received by the City Council as local planning authority on 13 May 2024

012 - As is & Proposed Roof Plans

008 - Proposed Lighting Plan

010 - Demolition Plan

011 - Roof to be repaired

013 - Drainage Plan

015 Rev A - Window Detail

016 Rev A - Waste Collection Plan

Tracking Plan 432.001773.00001-TR100 RevA received by the City Council as local planning authority on 6 June 2024

Planning & Listed Building Statement dated October 2023 by Zerum;

Design and Access Statement July 2023 by Kio Architecture and Design as amended by the above drawings;

Acoustic Planning Report Ref: 023690-R01-C, dated 20 December 2023, by Sandy Brown;

Waste Management Strategy received by the City Council as local planning authority on 28 February 2024, as amended by drawing number 016 Rev A Waste Collection Plan;

Operational Management Plan, February 2024 Revision B by Allied London.

Reason - To ensure that the development is carried out in accordance with the approved plans, pursuant to policies SP1 and DM1 of the Core Strategy.

3) No development that is hereby approved shall commence unless and until samples and specifications of all materials to be used on all external elevations of the development have been submitted to and approved in writing by the City Council as local planning authority.

Reason - To ensure that the appearance of the development is acceptable to the City Council as local planning authority in the interests of the visual amenity of the area within which the site is located and because the proposed works affect a building which is included in the Statutory List of Buildings of Special Architectural or Historic Interest so careful attention to building work is required to protect the character and appearance of this building in accordance with saved policy DC19.1 of the Unitary Development Plan for the City of Manchester and policies SP1, EN3 and DM1 of the Core Strategy.

4) Prior to the installation of any insulation to the roof space, full details, including scaled cross sections, of any roof insulation, showing its relationship to existing fabric of the listed building, shall be submitted to and approved in writing by the City Council as local planning authority. The works shall be carried out in accordance with the approved details.

Reason - The proposed works affect a building which is included in the Statutory List of Buildings of Special Architectural or Historic Interest so careful attention to building work is required to protect the character and appearance of this building in accordance with saved policy DC19.1 of the Unitary Development Plan for the City of Manchester and policies SP1, EN3 and DM1 of the Core Strategy.

5) Prior to any internal fit out, detailed existing and proposed cross sections through the internal fit out where works are being proposed, such as the installation of dry lining to the kitchen area shall be submitted to and approved in writing by the City Council as local planning authority. The submitted information shall include details of fixings. The works shall be carried out in accordance with the approved details.

Reason - The proposed works affect a building which is included in the Statutory List of Buildings of Special Architectural or Historic Interest so careful attention to building work is required to protect the character and appearance of this building in accordance with saved policy DC19.1 of the Unitary Development Plan for the City of Manchester and policies SP1, EN3 and DM1 of the Core Strategy.

6) Prior to the commencement of development, full details, including scaled drawings, to show any mechanical or electrical ducting and equipment, including light fittings, shall be submitted to and approved in writing by the City Council as local planning authority. The works shall be carried out in accordance with the approved details.

Reason - The proposed works affect a building which is included in the Statutory List of Buildings of Special Architectural or Historic Interest so careful attention to building work is required to protect the character and appearance of this building in accordance with saved policy DC19.1 of the Unitary Development Plan for the City of Manchester and policies SP1, EN3 and DM1 of the Core Strategy.

7) Prior to the commencement of development, full details of the proposed finishes to walls, floors and ceilings, including method statements for any cleaning of surfaces or features shall be submitted to and approved in writing by the City Council as local planning authority. The method statements shall include the cleaning system proposed, method, controls and samples. The works shall be carried out in accordance with the approved details.

Reason - The proposed works affect a building which is included in the Statutory List of Buildings of Special Architectural or Historic Interest so careful attention to building work is required to protect the character and appearance of this building in accordance with saved policy DC19.1 of the Unitary Development Plan for the City of Manchester and policies SP1, EN3 and DM1 of the Core Strategy.

Informatives

1) Highway Licences

Any requirements for licensing, hoarding / scaffolding, skips and any associated temporary traffic management arrangements will need discussion and agreement with the council's Highway Applications and Network Resilience teams via Email :- highwaylicences@manchester.gov.uk and highwaynetworkmanagement@manchester.gov.uk

2) Construction Hours

Construction/demolition works shall be confined to the following hours unless otherwise agreed in writing by the City Council as local planning authority:

Monday - Friday: 7.30am - 6pm

Saturday: 8.30am - 2pm

Sunday / Bank holidays: No work.
