	Form Ref	NR/L2/RSE/02009/F0039	Issue Date	06/03/2021	Issue	3.0

Details of Appointment		
Project/Programme/Portfolio No: 50016225		Project/Programme/Portfolio Title: Eastlands Stadium
Phase(s)/Stage(s): Whole scheme		Contractor: Electricity North west
Review The Designated Project Engineer (DPE) shall review the proposed CEM candidate against the criteria listed below. The DPE may also use an appropriate tool to assess the complexity and scope of the Project / Programme in order to determine the requirement for further competences. <i>Note: See NR/L2/RSE/02009 clause 10 and NR/L2/RSE/02009/01 for more detail.</i>		
Criteria		Supporting notes
Able to demonstrate they meet the performance and knowledge requirements of CEM01 as detailed in B.5 of NR/L2/RSE/02009/01 appropriate to the project specific requirements.	YES / NO*	<i>This can include the candidate providing a copy of their Oracle competence profile or Parent Companies Competence Management systems equivalent. The DPE should check relevant details as required. Consideration should be given to the project specific requirements and complexity.</i>
*Any requirements and arrangements for mentorship.	~~YES /~~ NOT REQUIRED	<i>If the candidate can demonstrate fully that they meet the performance requirements of CEM01 then 'not required' can be noted.</i>
Holds Professional Engineer Registration status with the Engineering Council (UK) or equivalent.	YES / NO EngTech / IEng / CEng / Other	<i>Other auditable qualifications and/or experience appropriate to the work being undertaken may be acceptable, subject to agreement with the DPE.</i>
Relevant experience and performance on similar projects:		<i>The DPE should discuss which types of projects the candidate has relevant experience of and note as necessary.</i>
A clear, documented understanding of the scope and complexity of work to which the CEM appointment applies.	YES / NO	<i>Examples of this could include a Project Management Plan, Requirements Management documents or a project Engineering and Construction Management plan.</i>
Understanding by the CEM of the design and/or construction integration methodology being implemented for the project as specified in NR/L2/RSE/02009 Clause 7.	YES / NO	<i>This is so the duties, responsibilities and workload of the CEM role are fully defined.</i>
Adequate availability of resources and time to undertake their duties.	YES / NO	<i>The DPE should discuss the number and status of other projects the CEM is appointed to.</i>
Understanding and ability to judge when urgent or immediate action is necessary for safety reasons.	YES / NO	<i>The DPE should discuss the candidates understanding of relevant escalation methods for safety related issues.</i>
Additional Comments Electricity North West (ENWL) is an electricity distribution network operator (DNO). We have legal obligations under the Electricity Safety, Quality and Continuity Regulations 2002, to maintain and operate the electrical distribution and Transmission network. All staff appointed to their roles have been selected due to their experience, qualifications, and knowledge. Each member of staff is supported in their role by additional senior staff and a control and governance framework. All the work carried out on site is to current regulations, checked by our internal Clerk of works and confirmed by our senior designers. Lead Designer: Stephen Forshaw 07795 223 678 Stephen.forshaw@enwl.co.uk
