Description of Proposal

Does the proposal consist of, or include, the carrying out of building or other operations?

- ☐ Yes
☒ No

Does the proposal consist of, or include, a change of use of the land or building(s)?

- ☒ Yes
☐ No

If Yes, please give a full description of the scale and nature of the proposed use, including the processes to be carried out, any machinery to be installed and the hours the proposed use will be carried out

It is proposed that this 3 bedroom house be used as a home for 3 unrelated residents as part of a low needs supported accommodation project for Manchester Care Leavers. The project will become part of the portfolio of properties managed by the Manchester Settlement Charity, under contract to Manchester City Council (Children's Services). Manchester Settlement is a highly regarded provider of this model of Supporting Housing for care leavers, with 20+ years of experience. We ensure that the we manage are provided in accordance with all necessary standards, and are currently awaiting our registration with OFSTED to complete.

The 3 residents of the house will on average stay for 12 months. Each resident is provided with a high touch floating support package that involves a visit from a support worker, on average 3 times per week. The residents will also access support from our community centre, 5 minutes walk from the home.

The residents will each have a separate locked bedroom, and will share a lounge, kitchen and bathroom, there is plenty of space in the rear yard for the storage of cycles.

We suggest that the impact upon neighbours of allowing the residence of 3 unrelated people will be no different to if a regular family were resident.

- The young people do not have cars - and we will not allow any young person to take up residence if they have a car
- Our staff will in the vast majority of cases walk to the home
- The refuse created will be no more than for a regular family
- The property has already been approved for use for this type of service by the MCC SNMG assessment process

If Yes, please fully describe the existing or the last known use, with the date when this use ceased

The house was last occupied as a regular home. It has been unoccupied since whilst a damp proof course and general refurbishments are carried out. The house is now ready for occupation by 2 residents as permitted, this will be the existing use.

Has the proposal been started?

Grounds for Application

Information about the existing use(s)

Please explain why you consider the existing or last use of the land is lawful, or why you consider that any existing buildings, which it is proposed to alter or extend are lawful

We suggest that in using the property for the delivery of the specific form of supported accomodation for Care Leavers, that this would not be a departure from C3 occupation and as such would be a lawful interpretation of the C3 catagory.
In normal use a house of this size with two double bedrooms and one single bedroom would have been designed for 5 people, our proposal will see no more than 3 residents, well within the intended occupancy.

Please list the supporting documentary evidence (such as a planning permission) which accompanies this application

- ☐ Permanent
☒ Temporary

If Temporary please give details

We would suggest that a Lawful Development Certificate could be issued with a Caveat that it is subject to there being a an OFSTED registered provider of supported accomodation for care leavers as a support provider.

Why do you consider that a Lawful Development Certificate should be granted for this proposal?

The proposal aligns perfectly with a number of MCC strategies.
The property is pre approved for Commission by MCC Childrens/ After Care Service, and has been approved for use at the MCC Special Needs Monitoring Group as a safe and suitable location that does not suffer from an over supply of similar accomodation.

Site Visit

Can the site be seen from a public road, public footpath, bridleway or other public land?

☐ No

Advice from Mr Glennon

It will be necessary to distinguish the use of the property from occupation as a Class C4 small scale house in multiple occupation.

Class C4 use would require planning permission and would not usually be supported due to its impact on family housing supply and potential harm due to additional noise and disturbance.

To address the above, it is recommended that an application for a certificate of proposed lawful use or development is submitted.

The application should seek to demonstrate that the characteristics of the proposed use would not depart from Class C3 occupation, in terms of the number of people to be accommodated and the associated noise and activity.

If the above is satisfactorily demonstrated, the property would remain in Class C3 use.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- ☐ Yes
☒ No

Interest in the Land

Please state the applicant's interest in the land

- ☐ Owner
- ☒ Lessee
- ☐ Occupier
- ☐ Other

If Lessee or Occupier, please give details of the owner and state whether they have been informed in writing of this application
