3) Prior to the ATM hereby approved being brought into use, the following security measures shall be implemented.

- The proposed steel service door will security-certified to LPS 1175 SR3 or above and fitted with a door viewer (fitted at a height of between 1200mm and 1500mm), as per
- Lighting will be provided to the area around the ATM to an adequate and uniform level, so as not to allow any areas of pooling/shadowing.
- Defensible space ground markings (e.g. 1sqm. painted area, change in surface texture, metal studs within pavement etc.) will be employed at the front of the ATM to indicate that only one user at a time may enter the space. External queues should be encouraged to form against the elevation of the building rather than across the pavement and into the street or across service or escape doors, where they might obstruct pedestrian flows and may cause conflicts to arise. Such 'pinch-points' can also be attractive to pick-pockets.
- The ATM will be covered by CCTV that will view the area and the users of the ATM, but not the ATM keypad itself.
- The cash-in-transit vehicle shall park as close as possible to the ATM service door (ideally within a hatched area to indicate it is to be kept clear), in order to reduce the amount of time that replenishment staff are accessible and potentially vulnerable.

The measures shall remain in situ for as long as the development remains in use.

Reason - In the interests of visual amenity, pursuant policy DM1 & SP1 of Manchester's Local Development Framework: The Manchester Core Strategy.

Street Naming & Numbering Requirements

Manchester City Council is responsible for allocating street naming and numbering within Manchester for new developments or property conversions. Individuals or businesses are not permitted to allocate their own property numbers, building or street names.

If your development includes the creation of new dwellings (either new build or conversion of existing buildings), creation of new commercial properties or the subdivision of existing properties you must ensure that you request new or changes to addresses through us so they can be officially allocated and registered in accordance with the Public Health Act 1925 Sections 17-19 & Greater Manchester Act 1981 Section 22.

Failure to do this may result in difficulties for the developer/occupier when requiring services such as connections to utilities, phone lines and postal services and may delay your development.
