James Pickles - M20 Property Group – Barber Shop Princess Parkway/Barlow Moor Road.

Dear James,

I hope this letter finds you well. I wanted to follow up on our recent phone conversation regarding the efficient removal of your waste. After careful consideration, I would like to propose the following solution.

Given the relatively small quantity and light weight of waste being generated, a traditional contractual arrangement may not be the most suitable or cost-effective option for you. Instead, I recommend that you consider purchasing your own bin, which can be easily sourced online. By doing so, we can provide waste removal services on an ad hoc basis, tailored precisely to your needs. We commit to emptying the bin within a reasonable timeframe of a couple of days' notice, as agreed during our phone call.

The location of the premises does not present a problem and it is understood that closest available vehicle parking is street parking on Barlow Moor Road and also on side roads off this.

Our standard fee for emptying a single wheelie bin in your area is £80+VAT. This comprehensive price encompasses all associated labour and waste transfer expenses. It is worth noting that we operate as a fully licensed upper-tier waste carrier, and you can find our license number detailed above.

If you have suitable storage, the bin is not essential and my team can collect up to 10 loose bags for the above price. The cost will be £ 5 per bag thereafter.

At our company, we pride ourselves on our commitment to both legal compliance and ethical waste disposal practices. With our procedures, over 95% of the waste we collect is diverted away from landfill, ensuring responsible and sustainable disposal methods.

To maintain transparency and accountability, we provide you with a VAT invoice and a waste transfer note for each collection. These documents will serve as official records of the services rendered.

Should you require any additional information or have further inquiries, please do not hesitate to contact me. I am at your disposal and more than willing to assist.

Yours sincerely,

Richard Walsh

Operations Manager
