Part 2 – Particulars of decision

Manchester City Council gives notice that the development referred to in Part 1 has been **Refused** in accordance with the application and plans submitted for the reason(s) listed below.

Article 35 Declaration

Officers have worked with the applicant in a positive and proactive manner based on seeking solutions to problems arising in relation to dealing with the planning application. Officers have communicated their concerns about this proposal to the applicant before and during the course of the planning application, but these concerns have not been overcome. The proposal is considered to be contrary to the development plan and therefore refused in a timely manner.

Reason(s) for decision

1) The applicant has failed to provide sufficient details to fully assess the proposal. A Delivery and Servicing Management Plan is required to ensure all vehicles can safely access, turn and egress the site. The management strategy shall include the following;

o bay or aisle width dimensions.

o plans show a very narrow area to the side of the building for cycle parking. It is unclear whether access could by physically achieved or what supporting infrastructure is proposed.

o bin storage locations or refuse collection operations details.

o site plan and swept Flow Analysis' shall include that the tracked vehicle does not overrun the boundary wall.

o swept path details, to demonstrates all types of vehicles can access/egress in forward gear.

The application, has failed to provide details relating to the serving of the proposal and parking dimensions at the site, which results in an unacceptable arrangements for accessing and egressing of the application site by vehicles, to the detriment of highway and pedestrian safety. This is contrary to policies T1, SP1 and DM1 of the Manchester Core Strategy.
