

Product Sheet

Drifter Benches

Wooden bench with 1 beam and steel supports

Product Code

DB-L1-200-TH / DB-L1-200-CT / DB-L1-200-PC

Dimensions

ca. 200×30×47 cm (l×w×h)

Weight

ca. 228 kg

Materials

Seat: untreated Upcycled Hardwood - FSC® Recycled 100% Hardwood - with distressed look

1 beam, ca. 30x30cm

Note: Upcycled timber will show imperfections, such as traces of use, holes and cracks. This cannot be avoided; it is intrinsic to the material and no reason for claims. Large holes will be filled with wood filler or timber plugs.

-CH Seat: untreated Core Hardwood ca. 30×30 cm - FSC® 100% Basralocus (or equal)

-LG Seat: Lava Grey - plastic recycle, post consumer waste

-DG Seat: FSC® Recycled 100% Douglas - European pine

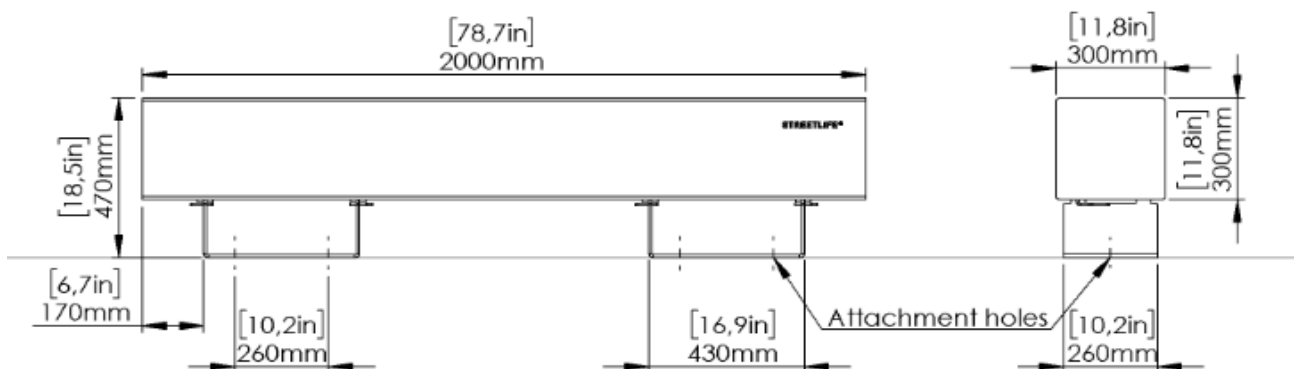

Supports -TH version: hot dip galvanised steel, galvanisation according to NEN-EN-ISO 1461: 2009NL

Supports -CT version: laser-cut weathering steel (CorTen), delivered unweathered

Supports -PC version: hot dip galvanised steel finished with a double powder coating in RAL colour

Delivery	Fully pre-assembled - ready to install
Installation	Surface-mounted; supports come with holes (M12) to bolt to concrete surface or in-ground footings
Optional accessories/extras	Single timber beam backrest ca. 30x15 cm Armrest in stainless steel with micro-peen finish USB charging point with 2 connections(IP67)
Cleaning & Maintenance	Timber: with clear water and soft brush or cloth; do not use high pressure cleaner or similar (this can open up the wood grain and make the surface coarse). The timber can be gently sanded every 2-3 year (in the direction of the wood grain) Steel supports: with clear water and brush or high pressure water cleaner (avoid the timber seat)
