Part 1 – Particulars of the application/development

Proposal: Change of use of property to form 17 no. short-term let rooms (sui generis).

Location: 317 - 319 Dickenson Road, Manchester, M13 0NR

Date of application: 11 September 2023

Application number: 137536/FO/2023

Part 2 – Particulars of decision

Manchester City Council gives notice that the development referred to in Part 1 has been **Refused** in accordance with the application and plans submitted for the reason(s) listed below.

Article 35 Declaration

Officers have worked with the agent in a positive and proactive manner based on seeking solutions to problems arising in relation to dealing with the application. In this instance a solution that was acceptable to both the Local Planning Authority and the applicant could not be reached as the nature of the proposal was considered to be unacceptable in this location. The applicant was invited to withdraw the application, but this was not accepted by the applicant.

Reason(s) for decision

1) The proposed short-let accommodation is not located on a main radial route, nor would it be located within the City Centre or a District Centre, or location devoted to leisure or recreation activity, where uses of this nature are usually considered to be appropriately located, to avoid any adverse impacts on the character or amenities of the occupiers of residential premises. The proposed use is therefore considered to be contrary to policies SP1, CC4 and DM1 of the Manchester Core Strategy.

2) The proposal would result in an over intensive use of the property resulting in the creation of low quality/substandard living accommodation for the occupants of the development, including the lack of adequate parking arrangements which would create the demand for on-street car parking, within the local area. In addition, the proposal would result in a significant intensification of occupation, waste generation and comings and goings at the site which would increase level of noise, disturbance and activity for proposed and existing residents. The proposal would therefore have an unacceptable detrimental impact upon the residential amenity of neighbouring residential occupiers and would be detrimental to the character of the area. The proposal would therefore be contrary to the provisions of policies SP1, H11, T2 and DM1 of the Manchester Core Strategy, saved policy DC26 of the Unitary Development Plan for the City of Manchester and guidance in the National Planning Policy Framework.
