Consultation on Planning Application

Application No: 139191/FO/2024

Description: Erection of three bedroom detached house and garage

Location: 7 Colgate Crescent, Manchester, M14 6FN

I write in response to your memorandum of the 18th March 2024 regarding the above application and to inform you that I have considered the application and recommend that the following conditions are attached to any approval.

DEMOLITION/CONSTRUCTION HOURS

Construction/demolition works shall be confined to the following hours unless otherwise agreed in writing by the City Council as local planning authority:

Monday - Friday: 7.30am - 6pm

Saturday: 8.30am - 2pm

Sunday / Bank holidays: No work

Reason - To safeguard the amenities of nearby residents pursuant to policies SP1, EN19 and DM1 of the Manchester Core Strategy.

REF*

a) Before the development commences a scheme for the storage and disposal of refuse shall be submitted to and approved in writing by the City Council as local planning authority.

New developments shall have refuse storage space for segregated waste collection and recycling. Internal and external storage areas are required.

b) The details of the approved scheme shall be implemented as part of the development and shall remain in situ whilst the use or development is in operation.

Reason - In the interests of amenity and public health.

*The proforma/ Waste Management Strategy must include the following information:

Estimated volumes and types of waste produced by the development;

Details of internal and external stores for both waste and recycling, including any plans and designs;

Location of the proposed collection point and details of the route the collection vehicle will take;

Details of how waste will be transferred between stores and to the collection location; and

Details of number and capacity of bins proposed and collection frequency.

Other details as per 'Waste Proforma v1.0' - refer to guidance at: http://www.manchester.gov.uk/downloads/download/6048/waste_management_strategy

10 units or below = low rise

11 or above = high rise

AIR QUALITY 2* (EVC & Boilers etc)

a) Prior to commencement of the development, a scheme for [include as necessary: electric vehicle charging and any other considerations, for example] boiler emissions, shall be submitted to and approved in writing by the City Council as local planning authority.

b) Prior to occupation of the development any agreed mitigation measures shall be implemented and verified as such in writing by the City Council as local planning authority and shall remain in situ whilst the use or development is in operation.

Reason: To secure a reduction in air pollution from traffic or other sources in order to protect existing and future residents from air pollution, pursuant to policies EN16, SP1 and DM1 of the Core Strategy.

*The developer should refer to MCC's AQ Guidance Note for EV charge point recommendations, and also IAQM Planning guidance for further information on boilers etc if relevant.

CLAND01 (1) New applications, no previous contaminated land conditions

a) Before the development hereby approved commences, a report (the Preliminary Risk Assessment) to identify and evaluate all potential sources and impacts of any ground contamination, groundwater contamination and/or ground gas relevant to the site shall be

submitted to and approved in writing by the City Council as local planning authority. The Preliminary Risk Assessment shall conform to City Council's current guidance document (Planning Guidance in Relation to Ground Contamination).

In the event of the Preliminary Risk Assessment identifying risks which in the written opinion of the Local Planning Authority require further investigation, the development shall not commence until a scheme for the investigation of the site and the identification of remediation measures (the Site Investigation Proposal) has been submitted to and approved in writing by the City Council as local planning authority.

The measures for investigating the site identified in the Site Investigation Proposal shall be carried out before development commences and a report prepared outlining what measures, if any, are required to remediate the land (the Site Investigation Report and/or Remediation Strategy) which shall be submitted to and approved in writing by the City Council as local planning authority.

b) When the development commences, the development shall be carried out in accordance with the previously agreed Remediation Strategy and prior to occupation a Completion/Verification Report shall be submitted to and approved in writing by the City Council as local planning authority.

In the event that ground contamination, groundwater contamination and/or ground gas, not previously identified, are found to be present on the site at any time before the development in each phase is occupied, then development shall cease and/or the development shall not be occupied until, a report outlining what measures, if any, are required to remediate the land (the Revised Remediation Strategy) is submitted to and approved in writing by the City Council as local planning authority and the development shall be carried out in accordance with the Revised Remediation Strategy, which shall take precedence over any Remediation Strategy or earlier Revised Remediation Strategy.

Reason - To ensure that the presence of or the potential for any contaminated land and/or groundwater is detected and appropriate remedial action is taken in the interests of public safety, pursuant to [INSERT] of the Unitary Development Plan for the City of Manchester.

Information for Developers guidance documents can be downloaded using the following link:
