MANCHESTER CITY COUNCIL

Important – Planning permission & notices of consent

Compliance with conditions

- Your planning approval or consent is attached. It will contain conditions that you must comply with.
- Please read the conditions and understand their requirements and restrictions, for example submission and approval of details or measures to protect trees.
- Some conditions will require action before you start development and it is imperative that you seek to have these discharged before any work commences.
- Whilst every effort has been made to group conditions logically, it is your responsibility to ensure that you are aware of the requirements and/or restrictions of all conditions.
- If you fail to comply with the conditions this may result in a breach of planning control and this may lead to enforcement action.
- Failure to comply with conditions may also result in the development not being lawful.
- It is in your interests to demonstrate that conditions have been complied with. Failure to do so may cause difficulties if the property is sold or transferred.
- A fee is payable for each request to discharge conditions.
- For advice on any of these matters, please contact Planning, Manchester City Council, PO Box 532, Town Hall, Manchester M60 2LA or email planning@manchester.gov.uk

MANCHESTER CITY COUNCIL

Town & Country Planning Act 1990 (as amended)

Planning Permission

Applicant

Mr Mark McNulty
Greater Manchester Education Trust
Whalley Range 11-18 High School
Wilbraham Road
Manchester
M16 8GW

Agent (if used)

Lancaster Maloney Martin
Equitas House
Unit 6 Station View
Rhino Court
Stockport
SK7 5ER

Part 1 – Particulars of the application/development

Proposal: Erection of a single storey classroom building

Location: Levenshulme High School For Girls, Crossley Road, Manchester, M19 1FS

Date of application: 12 January 2024

Application number: 138684/FO/2023

Part 2 – Particulars of decision

Manchester City Council gives notice that the development referred to in Part 1 has been **Approved** in accordance with the application and plans submitted subject to the condition(s) listed below (if any).

Article 35 Declaration

Officers have worked with the applicant in a positive and proactive manner based on seeking solutions to problems arising in relation to dealing with the planning application. Issues have arisen during the consideration of this application and the officer negotiated with the agent to reach a satisfactory resolution

Condition(s) attached to this decision

1) The development must be begun not later than the expiration of three years beginning with the date of permission.

Reason - Required to be imposed pursuant to Section 91 of the Town and Country Act Planning Act 1990.

2) The development hereby approved shall be carried out in accordance with the following documents:

-'Application for Planning Permission', numbered 'PP-12591421', stamped as received by the City Council as Local Planning Authority on the 29th November 2023.
-'Location Plan', numbered 'P01', stamped as received by the City Council as Local Planning Authority on the 28th February 2024.
-'Proposed Site Plan', numbered 'P03', stamped as received by the City Council as Local Planning Authority on the 29th November 2023.
-'Proposed Layout Plan', numbered 'P04', stamped as received by the City Council as Local Planning Authority on the 29th November 2023.
-'Proposed Elevations', numbered 'P05', stamped as received by the City Council as Local Planning Authority on the 29th November 2023.
-'Proposed Roof Plan', numbered 'P06', stamped as received by the City Council as Local Planning Authority on the 29th November 2023.
-'Proposed Layout Plan for Bike Storage', numbered 'P15', stamped as received by the City Council as Local Planning Authority on the 26th February 2024.
-'Bin Store Location and Transit Route', numbered 'P16', stamped as received by the City Council as Local Planning Authority on the 26th February 2024.
-'LEVENSHULME HIGH SCHOOL. Levenshulme, Manchester. November 2023 - Design & Access Statement', stamped as received by the City Council as Local Planning Authority on the 29th November 2023.
-'TRANSPORT STATEMENT', stamped as received by the City Council as Local Planning Authority on the 12th January 2024.
-Agent email correspondence dated to the 23rd February 2024.

Reason - To ensure that the development is carried out in accordance with the approved documents. Pursuant to policies SP1 and DM1 of the Core Strategy.

3) The materials to be used on the external surfaces of the building hereby permitted shall match those specified on the submitted application form and approved plans.

Reason - To ensure the appearance of the site to be developed is not adversely affected by the materials to be used in the construction of the development, pursuant to policies SP1 and DM1 of the Manchester Core Strategy.

4) a) Before the development hereby approved commences, a report (the Preliminary Risk Assessment) to identify and evaluate all potential sources and impacts of any ground contamination, groundwater contamination and/or ground gas relevant to the site shall be submitted to and approved in writing by the City Council as local planning authority. The Preliminary Risk Assessment shall conform to City Council's current guidance document (Planning Guidance in Relation to Ground Contamination).

In the event of the Preliminary Risk Assessment identifying risks which in the written opinion of the Local Planning Authority require further investigation, the development shall not commence until a scheme for the investigation of the site and the identification of remediation measures (the Site Investigation Proposal) has been submitted to and approved in writing by the City Council as local planning authority.

The measures for investigating the site identified in the Site Investigation Proposal shall be carried out before development commences and a report prepared outlining what measures, if any, are required to remediate the land (the Site Investigation Report and/or Remediation Strategy) which shall be submitted to and approved in writing by the City Council as local planning authority.

b) When the development commences, the development shall be carried out in accordance with the previously agreed Remediation Strategy and prior to occupation a Completion/Verification Report shall be submitted to and approved in writing by the City Council as local planning authority.

In the event that ground contamination, groundwater contamination and/or ground gas, not previously identified, are found to be present on the site at any time before the development in each phase is occupied, then development shall cease and/or the development shall not be occupied until, a report outlining what measures, if any, are required to remediate the land (the Revised Remediation Strategy) is submitted to and approved in writing by the City Council as local planning authority and the development shall be carried out in accordance with the Revised Remediation Strategy, which shall take precedence over any Remediation Strategy or earlier Revised Remediation Strategy.

Reason - To ensure that the presence of or the potential for any contaminated land and/or groundwater is detected and appropriate remedial action is taken in the interests of public safety, pursuant to the Unitary Development Plan for the City of Manchester.

5) Prior to the commencement of demolition/development, a construction management plan outlining working practices during development shall be submitted to and approved in writing by the City Council as Local Planning Authority, which for the avoidance of doubt should include:
- Detail the vehicular activity associated with the construction including appropriate swept path assessment of routing both within the site and on the adjacent highway;
- Identify measures to control dust and mud, including on the surrounding public highway
- Details of the location and arrangements for contractor parking;
- Detail of an emergency contact telephone number to be displayed at the site;
- Timescale's for the completion and scope of a highway dilapidation survey including photographs and commentary on the condition of carriageway/footways on construction vehicle routes surrounding the site;
- Site working hours;

The development shall only be carried out in accordance with the approved construction management plan.

Reason - To safeguard the amenities of nearby residents and ensure safe methods of working to meet the safety requirements of working above and adjacent to the Metrolink system pursuant to policies SP1, EN19 and DM1 of the Manchester Core Strategy.

6) Prior to the commencement of development, a surface water drainage scheme for the site, based on sustainable drainage principles shall be submitted to and approved in writing by the local planning authority. The development shall be constructed and completed in accordance with the approved details.

Reason: To prevent the increased risk of flooding, to improve and protect water quality and ensure future maintenance of the surface water drainage system pursuant to policies EN14 and EN17 of the Core Strategy.

7) a) Before first occupation of the development hereby approved, a scheme for the storage and disposal of refuse shall be submitted to and approved in writing by the City Council as Local Planning Authority.

New developments shall have refuse storage space for segregated waste collection and recycling. Internal and external storage areas are required.

b) The details of the approved scheme shall be implemented as part of the development and shall remain in situ whilst the use or development is in operation.

Reason - In the interests of amenity and public health.

8) Within six months of the first use of the development, a revised Travel Plan which is consistent with the Framework Travel Plan submitted as part of the application and which takes into account the information about travel patterns gathered following the opening of the building shall be submitted to and approved in writing by the City Council as local planning authority. Any Travel Plan which has been approved by the City Council as local planning authority shall be implemented in full at all times when the development hereby approved is in use.

Reason - To assist promoting the use of sustainable forms of travel to the building, pursuant to policies SP1, T2 and DM1 of the Core Strategy and the Guide to Development in Manchester SPD (2007).

Informatives

Building Regulations 2010
This permission does not grant approval under Building Regulations.

Street Naming & Numbering Requirements
Manchester City Council is responsible for allocating street naming and numbering within Manchester for new developments or property conversions. Individuals or businesses are not permitted to allocate their own property numbers, building or street names.

If your development includes the creation of new dwellings (either new build or conversion of existing buildings), creation of new commercial properties or the subdivision of existing properties you must ensure that you request new or changes to addresses through us so they can be officially allocated and registered in accordance with the Public Health Act 1925 Sections 17-19 & Greater Manchester Act 1981 Section 22.

Failure to do this may result in difficulties for the developer/occupier when requiring services such as connections to utilities, phone lines and postal services and may delay your development.

You can apply online at the following address:
http://www.manchester.gov.uk/info/100011/roads_parking_and_transport/1988/naming_and_numbering_of_houses_buildings_streets_and_roads/2

In order to discharge the surface water drainage condition from this planning approval the scheme should also include:
- Finalised surface water drainage layout including all components, levels, connectivity and proposed overland flow routes for extreme events.
- Progression through the drainage hierarchy shall be evidence based and supported by site investigation. Results of ground investigation carried out under Building Research

Establishment Digest 365. Site investigations should be undertaken in locations and at proposed depths of the proposed infiltration devices. Proposal of the attenuation that is achieving half emptying time within 24 hours. If no ground investigations are possible or infiltration is not feasible on site, evidence of alternative surface water disposal routes (as follows) is required.
- For surface water connections, evidence of agreement in principle from the relevant authority/service provider is required to ensure there is adequate spare capacity in the existing system taking future development requirements into account. An email of acceptance of proposed new connection will suffice.
- Where flows less than 5 l/s are proposed, a blockage risk assessment must be undertaken. If the risk cannot be adequately managed, a higher minimum discharge rate should be considered / agreed with relevant authority.
- Evidence that the drainage system has been designed (unless an area is designated to hold and/or convey water as part of the design) so that flooding does not occur during a 1 in 100 year rainfall event with allowance for 45% climate change in any part of a building;
- Details of surface water attenuation that offers a reduction in surface water runoff rate in line with the Manchester Trafford and Salford Strategic Flood Risk Assessment. Provide at least a 50% reduction in brownfield runoff rate or greenfield runoff rate.
- Hydraulic calculations to support the drainage proposal.
-Details of how the scheme shall be maintained and managed after completion.

MCC records highlight that the underground Willow Brook is located within close proximity to the site (approximately 10 m to the south of the site), while our records are frequently updated to ensure the highest level of accuracy, the records cannot guarantee 100% accuracy for all MCC underground assets. Therefore, we would request that the applicant informs the onsite contractor to remain observant and to take the appropriate safety precautions during excavation works. If any major unknown drainage assets are found beneath the site, then further investigation works should take place to identify the asset and MCC should be contacted immediately.

Construction / demolition works shall be confined to the following hours unless otherwise agreed in writing by the City Council as Local Planning Authority:

Monday - Friday: 7.30am - 6pm
Saturday: 8.30am - 2pm
Sunday / Bank holidays: No work

Reason - To safeguard the amenities of nearby residents pursuant to policies SP1, EN19 and DM1 of the Manchester Core Strategy.

Date: 8 March 2024

Signed: 

Julie Roscoe
Director of Planning, Building Control & Licensing

Manchester City Council, P O Box 532, Town Hall, Manchester M60 2LA

Notes

1. This permission refers only to that required under the Town and Country Planning Act 1990 does not include any consent or approval under any other enactment, byelaw, order or regulation.

2 If the applicant is aggrieved by the decision of the local planning authority to refuse permission or approval for the proposed development, or to grant permission or approval subject to conditions, they may appeal to the Secretary of State in accordance with Section 78(1) of the Town and Country Planning Act 1990 within six months of the date of the notice of the decision.

The Planning Inspectorate have introduced an online appeals service that can be used to make appeals online. This service is available through the gov.uk website – www.gov.uk/appeal-planning-decision The Inspectorate will publish details of your appeal on the internet. Alternatively If you are unable to access the online appeal form, please contact the Planning Inspectorate to obtain a paper copy of the appeal form on tel: 0303 444 5000.

The Secretary of State has power to allow a longer period for the giving of a notice of appeal but they will not normally be prepared to exercise this power unless there are special circumstances that excuse the delay in giving notice of appeal.

If you intend to submit an appeal that you would like examined by inquiry then you must notify the City Council (planning@manchester.gov.uk) and the Planning Inspectorate (inquiryappeals@planninginspectorate.gov.uk) at least 10 days before submitting the appeal. Further details are on GOV.UK.

3. The statutory requirements are those set out in Section 79(6) of the Town and Country Planning Act 1990, namely Sections 70(1) and 72(1) of the Act.

4. If either the local planning authority of the Secretary of State refuses permission to develop land or grants it subject to conditions, the owner may claim that they can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.

In these circumstances, the owner may serve a purchase notice on the Council in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990

5. In certain circumstances, a claim may be made against the local planning authority for compensation, where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to them. The circumstances in which such compensation is payable are set out in Section 114 of the Town and Country Planning Act 1990.
