Growth & Development

Delegated officer report for planning application

Application no. 137833/LO/2023

Date registered valid: 1 September 2023

Proposal: Listed Building Consent for congestion relief works consisting of installation of new ticket barriers, works to the ticket office, relocation of CIS display screens and other associated M&E works including alteration to the lighting layout and provision of additional CCTV Cameras.

Address: Oxford Road Station, Oxford Road Station Approach, Manchester, M1 6FU

Ward(s): Deansgate Ward

Applicant: Network Rail

Agent (if any): Mr Michael Gradwell Network Rail

Case officer: Emily Booth
Tel: 0161 234 4193
Email: emily.booth@manchester.gov.uk

Recommendation: Approve

Date of recommendation: 26 January 2024

Application details

Type of application: Listed Building Consent

Development type: Listed building alteration

Departure from Development Plan: No

Environmental Statement: Not required

Description of site/building

Listed building: Grade II

Conservation area: Not applicable

Tree Preservation Order: Not applicable

Description of area

The application relates to the Grade II Listed Oxford Road Train Station, which was built in 1959-60 to the designs of WR Headley for the London Midland Region. Oxford Road station's most striking feature is the main entrance building, which consists of three prefabricated timber shell rooves supported by laminated timber beams. It is one of the best post-war railway stations in the country, with a striking and highly elegant design constructed of laminated timber. The roof structure has a dramatic aesthetic form, which gives the building a light and spacious interior. It was designed by Max Clendinning of British Railways' Midland Region and Hugh Tottenham of the Timber Development Association. It is the only large station in Britain to have been re-built in prefabricated materials. There are coordinating original timber canopies on the platforms.

The station's booking office, buffet, toilets and staff facilities are constructed of timber and concrete and form a lozenge-shaped island along the southern side of the main building.

The station sits on top of the Manchester South Junction & Altrincham Railway viaduct and is bounded by Oxford Road, Whitworth Street West, New Wakefield Street and Gloucester Street.

Oxford Road/Oxford Street is a highly trafficked route from South Manchester into the City Centre, is a particularly busy bus route and experiences extremely high footfall.

The surrounding area contains a large number of listed buildings include the Grade II* Listed Churchgate House, the Grade II Listed Palace Theatre, St James Buildings and Portland Buildings. The site is also diagonally adjacent to the Whitworth Street Conservation Area.

The site is also within Corridor Manchester, which is home to numerous higher education institutions and knowledge-based industries.

Description of development

Listed Building Consent is sought for the following internal and external works:

- Relocation of the ticket desks from the existing ticket office inside the station to the windows on the external elevation of the station. There would be 2no. ticket desks on the external elevation.
- Removal of internal partition wall, installation of new partition wall, installation of new door opening within the lozenge.
- Removal of the existing 7no. ticket barriers, gate line, screen, supporting column and dividing screen and replacement with 8no. wide access gate ticket barriers.
- Installation of a screen showing train times on a pole directly outside the station.
- Installation of screens on the platform.
- Removal and storage of internal ticket desks and gate line for future reuse.
- Installation of 3no. CCTV cameras.
- Installation of 3no. external lighting units.

Planning permission is not required for the above described works due to an existing exemption that Network Rail (the applicant) have.

Consultations & Notification Responses

The application was advertised in the local press as an application for listed building consent and as affecting a conservation area, letters were sent to surrounding occupiers and a site notice was displayed on site - No replies have been received.

Issues

Issues and Policy

The Adopted Core Strategy for the City of Manchester

Policy EN1 (Design Principles and Strategic Character Areas) advises that developer's will be expected to consider the City's heritage, including its listed buildings, conservation areas, archaeological remains and historic street pattern.

Policy EN3 (Heritage) advises that new developments must be designed so as to support the Council in preserving or, where possible, enhancing the historic environment.

Policy CC9 (Design and Heritage) advises that development in Manchester should preserve or enhance the heritage assets affected.

CC10 (A Place for Everyone) states that development that promotes high standards of accessibility to buildings and across spaces in the City Centre.

T1 (Sustainable Transport) states that development that improves access to transport services and facilities in order to enable disabled people and people with mobility impairments to participate fully in public life and improve pedestrian routes and the pedestrian environment.

T3 (Strategic Integration) States that improvements to the heavy rail infrastructure are among the strategic transport proposals that would be acceptable.

Policy SP1 (Spatial Principles) advises that development in all parts of the City should protect and enhance the built environment, that buildings and neighbourhoods should be fully accessible to disabled people, access by sustainable transport modes.

Policy DM1 (Development Management) advises that all development should be appropriately sited, scaled, formed, massed and detailed with appropriate layout and materials and should have regard to the character of the surrounding area and effects on built heritage.

The Unitary Development Plan for the City of Manchester

Saved Policy DC19.1 (Listed Buildings) advises that in determining applications for listed building consent the Council will have regard to the desirability of securing the retention, restoration, maintenance and continued use of such buildings and to protecting their general setting. The City Council will:

- Not permit any external or internal alteration or addition to a listed building where in its opinion, there would be an adverse effect on its architectural or historic character.

Places for Everyone -

The Places for Everyone Plan is a Joint Development Plan Document, which provides a strategic plan and policies, for nine of the 10 boroughs which make up Greater Manchester. Once the Places for Everyone Plan is adopted it will form part of Manchester's development plan.

To date, five consultations have taken place in relation on the Plan. The Examination of Plan, following its submission in February 2022, began in November 2022. Following the completion of the Examination of the Plan, main modifications have now been proposed which will now become the subject of further public consultation.

The City Council's Executive agreed the Main Modification on 4 October 2023 and endorsed an 8-week period of public consultation on the Main Modifications commencing no earlier than 9 October 2023.

Any representations will be forwarded to the Examination team managing the Plan. The Inspectors will consider all representations on the proposed Modifications before finalising the examination report.

Given the stage the Plan has reached, and level of public consultation and scrutiny it has received, the Plan and its policies is now a material planning consideration in the determination of planning applications. The Plan and its policies must therefore be given significant weight in the planning balance.

Policy JP-P 1 (Sustainable Places) aims to become one of the most liveable city regions in the world, consisting of a series of beautiful, healthy and varied places, each having the following key attributes that all development, wherever appropriate, should be distinctive, with a clear identity, visually stimulating, socially inclusive, resilient, adaptable, durable, resource efficient, safe, supported by critical infrastructure, functional and convenient, incorporating accessibility, legible easy to move around, well connected, comfortable and inviting, incorporating high quality and

well managed green infrastructure and public realm, well served by local shops, services and amenities.

Policy JP-S 4 (Resilience) states that development will be managed so as to increase considerably the capacity of its citizens, communities, businesses and infrastructure to survive, adapt and grow in the face of physical, social, economic and environmental challenges, including climate change. One key measure is supporting healthier lifestyles and minimising potential negative impacts on health including air pollution.

Policy JP-P 2 (Heritage) aims to proactively manage and work with partners to positively conserve, sustain and enhance its historic environment and heritage assets and their settings. Opportunities will be pursued to aid the promotion, enjoyment, understanding and interpretation of heritage assets, as a means of maximising wider public benefits and reinforcing Greater Manchester's distinct identity and sense of place. The policy requires development proposals affecting a designated heritage asset (or an archaeological site of national importance) and a conservation area to conserve those elements which contribute to its significance including those identified in any conservation area appraisal as making a positive contribution to the area. Harm to such elements will only be permitted where this is clearly justified and outweighed by the public benefits of the proposal.

Policy JP-C 1 (An Integrated Network) aims to deliver an accessible, low carbon Greater Manchester with world-class connectivity by delivering a pattern of development that minimises both the need to travel and the distance travelled by unsustainable modes, enabling the provision of high quality digital infrastructure; locating and designing development, to deliver a significant increase in the proportion of trips that can be made by walking, cycling and public transport; transforming transport infrastructure and services by securing investment in new and improved transport infrastructure and services that will promote social inclusion, support economic growth, reduce carbon emissions and protect our environment and air quality; meets customers' needs by being integrated, reliable, resilient, safe and secure, well-maintained, environmentally responsible, attractive and healthy; and provide access to jobs and other key services, including healthcare, education, retail, recreation and leisure facilities, greenspace and green infrastructure, ensuring that development and transport investment fully considers the needs of all people and those modes which make most efficient and sustainable use of limited road space, by following the Global Street Design Guide(125) hierarchy (highest priority first) and developing local transport industry skills and education to ensure the right skills are available into the future.

Policy JP-C 3 (Public Transport) States that in order to help deliver major improvements to public transport, a range of measures will be supported, including enhanced connections to other major cities, increased capacity at the bottlenecks in Manchester city centre on both light and heavy rail networks, improved public transport routes and services to the City Centre and wider Core Growth Area, improved public transport routes and services to Manchester Airport, better integration of services and between public transport modes and enhanced connections and the upgrading of key sections of the strategic public transport network; more and higher quality public transport stations and interchanges with suitable capacity and better integration, improved access to rapid transit routes.

National Policy

Sections 16, 66 and 74 of the Listed Buildings and Conservation Areas Act 1990 requires that special consideration is given to the preservation of the significant fabric and setting of listed buildings and conservation areas. Development decisions should, therefore, accord with the requirements of the NPPF and to section 16 (Conserving and Enhancing the Historic Environment).

It is a fundamental requirement of the NPPF that planning proposals contribute to the achievement of "sustainable development". In order to meet this key planning objective, in this instance, the development should sustain and contribute to the stimulation of a thriving historic environment.

Paragraph 196 states that in determining planning applications, local planning authorities should take account of:

- (a) the desirability of sustaining and enhancing the significance of heritage assets and putting them to viable uses consistent with their conservation.
- (b) the wider social, cultural, economic and environmental benefits that conservation of the historic environment can bring.
- (c) the desirability of new development making a positive contribution to local character and distinctiveness; and
- (d) opportunities to draw on the contribution made by the historic environment to the character of a place.

Paragraph 200 advises that local planning authorities should require an applicant to submit sufficient information to describe the significance of any heritage assets affected, including any contribution made by their setting.

Paragraph 203 states that in determining applications, local planning authorities should take account of:

- (a) the desirability of sustaining and enhancing the significance of heritage assets and putting them to viable uses consistent with their conservation.
- (b) the positive contribution that conservation of heritage assets can make to sustainable communities including their economic vitality; and
- (c) the desirability of new development making a positive contribution to local character and distinctiveness.

Paragraph 207 advises that any harm to or loss of a designated heritage asset should require clear and convincing justification. Substantial harm or loss should be exceptional and substantial harm to or loss of designated heritage assets of the highest significance, including grade I and II* listed buildings should be wholly exceptional.

Paragraph 208 states that where a development proposal will lead to less than substantial harm to the significance of a designated heritage asset, this harm should be weighed against the public benefits of the proposal, including securing its optimum viable use.

Section 12 (Achieving Well Designed Places) advises that the government attaches great importance to the design of the built environment. Good design is a key aspect of sustainable development, is indivisible from good planning, and should contribute positively to making places better for people.

Visual Amenity -

Under these criteria the effect of the proposal on the affected heritage assets has been considered:

The removal of existing gate line, dividing rails and adjacent CIS display screens and supporting column is acceptable as these items are all non-original modern fabric and its removal would be beneficial to the character of the listed building.

The removal of 5no. internal ticket desks is acceptable as only non-original modern fabric would be removed as part of these works to the lozenge. Reinstatement of missing details and repairs are also proposed as part of the works. The removal of the fabric associated with the extant ticket desks is therefore considered not to cause harm to the heritage asset.

The alterations to the interior of the lozenge building affect fabric that is not part of the original plan layout of the lozenge building and so would not cause harm to the heritage asset.

The new wider gate line would be located in the same place as existing and would not be fixed to original fabric. The result would be a less cluttered appearance and would not cause harm

The alteration to 2no. existing windows to provide new tickets desks would affect original fabric. These works would retain the original fenestration pattern to remain legible and would include steel panels coloured to match (blue), steel cash drawers & trays and exposed timber desks. The number of tickets desks has also been reduced from the existing number. There is a level of intervention that would change the external appearance of the station and is considered to cause less than substantial harm.

The installation of two display screens mounted on one pole at the front of the station is considered to cause less than substantial harm to the station as it is not in keeping with the appearance and character of the listed building. The screens would be relocated from another part of the station, which would be improved by its removal and are an essential part of the station communication system.

The display screen on the platforms are also an essential part of the station communication system. These screens would cause less than substantial harm.

Conditions would be required for the CCTV. The conditions for the CCTV would require the agreement of the camera, the cabling conduit and fixing method. The number of proposed CCTV cameras has been reduced from five to three. Two of the CCTV cameras would be mounted on the timber canopy and would be adjacent to each other reducing the number of fixings and the visual impact. The locations of the existing CCTV cameras would also be changed to move them closer to the cable route minimising their impact. These works are considered to cause less than substantial harm.

Conditions would also require the implementation of the proposed repairs to the lozenge and the proposed lighting the completion of which would be beneficial. The proposed lighting units are a slim black framed unit that would sit on the roof of the lozenge and are of a sympathetic design. The number of proposed lighting units has been reduced from five to three. The three lighting units would be roof mounted to the lozenge.

It is considered that the benefits of the proposal would outweigh the less than substantial harm caused to the affected heritage asset by the above-described works and are consistent with paragraphs 203 and 208 of the NPPF and address sections 66 and 72 of the Planning Act in relation to preservation and enhancement. The public benefits of the proposals are that that congestion within the station would be improved easing conditions for passengers including those passengers that are mobility impaired.

Given the above the proposals are considered to be in accordance with the above identified policies.

Other Legislative Requirements

Equality Act 2010

Section 149 (Public Sector Equality Duty) of the Equality Act 2010 requires due regard to the need to: Eliminate unlawful discrimination, harassment and victimisation and other conduct prohibited by the Act and; Advance equality of opportunity between persons who share a protected characteristic and persons who do not share it. The Equality Duty does not impose a legal requirement to conduct an Equality Impact Assessment. Compliance with the Equality Duty involves consciously thinking about the aims of the Equality Duty as part of the process of decision-making.

Human Rights Act 1998 considerations

This application needs to be considered against the provisions of the Human Rights Act 1998. Under Article 6, the applicants (and those third parties, including local residents, who have made representations) have a right to a fair hearing and to this end the local planning authority must give full consideration to their comments.

Protocol 1 Article 1, and Article 8 where appropriate, confer(s) a right of respect for a person's home, other land and business assets. In taking account of all material considerations, including Council policy as set out in the Core Strategy and saved policies of the Unitary Development Plan, the Director of Planning, Building Control & Licensing has concluded that some rights conferred by these articles on the applicant(s)/objector(s)/resident(s) and other occupiers and owners of nearby land that might be affected may be interfered with but that that interference is in accordance with the law and justified by being in the public interest and on the basis of the planning merits of the development proposal. She believes that any restriction on these rights posed by the recommendation given is proportionate to the wider benefits of and that such a decision falls within the margin of discretion afforded to the Council under the Town and Country Planning Acts.

Recommendation: Approve

Article 35 Declaration

In assessing the merits of an application officers will seek to work with the applicant in a positive and proactive manner to seeking solutions to problems arising in relation to dealing with the application. In this instance this has included advice about the information required to be submitted to support the application and to address issues. This has led to an acceptable proposal.

Condition(s) to be attached to decision for approval OR Reasons for recommendation to refuse

1) The development must be begun not later than the expiration of three years beginning with the date of this permission.

Reason - Required to be imposed pursuant to Section 18 of the Planning (Listed Buildings and Conservation Areas) Act 1990.

2) The development hereby approved shall have been carried out in accordance with the following drawings and documents:

The location plan referenced 175726-STR-XX-XXXX-DRG-EAR-000001 Rev P06 received by the City Council as local planning authority on 11 August 2023

The drawings referenced:

175726-STR-XX-XXXX-DRG-EAR-000103 Rev P06

175726-STR-XX-XXXX-DRG-EAR-000204 Rev P02

175726-STR-XX-XXXX-DRG-EAR-000402 Rev P06

received by the City Council as local planning authority on 11 August 2023

175726-STR-XX-XXXX-DRG-EAR-000401 Rev B04

received by the City Council as local planning authority on 25 October 2023

175726-STR-XX-XXXX-DRG-EAR-000502 Rev C02

175726-STR-XX-XXXX-DRG-EAR-100904 Rev C02

received by the City Council as local planning authority on 19 January 2024

175726-STR-XX-XXXX-DRG-EAR-000203 Rev P06

received by the City Council as local planning authority on 25 January 2024

The Heritage Statement prepared by BB Heritage Studio (excluding the platform 4 and island platform screens and lighting and CCTV) received by the City Council as local planning authority on 20 November 2023

The Lozenge Building Potential Enhancements received by the City Council as local planning authority on 20 November 2023

The document received by the City Council as local planning authority on 19 January 2024 in relation to CCTV and lighting proposals.

The Manchester Oxford Road Lozenge Building Potential Heritage Enhancements October 2023 received by the City Council as local planning authority on 25 October 2023

The email from Network Rail dated 10 January 2024.

Reason - To ensure that the development is carried out in accordance with the approved plans. Pursuant to policies EN1, EN3, SP1 CC9 and DM1 of the Core Strategy, saved policies DC19.1 of the Unitary Development Plan.

3) Notwithstanding the approved drawings and documents within Condition 2 of this decision full details of the design, materials and colour of the 3no. CCTV cameras including a product specification, and full details of the associated fixing, cabling and cable containment for the approved cameras shall be submitted to and approved in writing by the City Council as local planning authority prior to the installation of the 3no. approved CCTV cameras and associated fixing, cabling and cable containment. The works shall be carried out fully and only in accordance with the approved details.

Reason - Because the proposed works affect a building that is within the curtilage of a building which is included in the Statutory List of Buildings of Special Architectural or Historic Interest so

careful attention to building work is required to protect the character and appearance of this building in accordance with policies SP1, CC9, EN1, EN 3 and DM1 of the Adopted Core Strategy for the City of Manchester, the Design and Principle of the Guide to Development in Manchester SPD and saved policies DC18.1 and DC19.1 of the Unitary Development Plan for the City of Manchester.

4) The 3no. approved lighting units (the Philips Ledinaire floodlights Gen3 Symmetrical Wide Beam) shall be installed in accordance with the drawing referenced 175726-STR-XX-XXXX-DRG-EAR-000203 Rev C02 received by the City Council as local planning authority on 25 January 2024 and the document received by the City Council as local planning authority on 19 January 2024 in relation to CCTV and lighting proposals. The works shall be carried out fully and only in accordance with the approved details and shall be completed prior to the completion of the development hereby approved.

Reason - Because the proposed works affect a building that is within the curtilage of a building which is included in the Statutory List of Buildings of Special Architectural or Historic Interest so careful attention to building work is required to protect the character and appearance of this building in accordance with policies SP1, CC9, EN1, EN 3 and DM1 of the Adopted Core Strategy for the City of Manchester, the Design and Principle of the Guide to Development in Manchester SPD and saved policies DC18.1 and DC19.1 of the Unitary Development Plan for the City of Manchester.

5) The repair and enhancement works as described within the Manchester Oxford Road Lozenge Building Potential Heritage Enhancements October 2023 received by the City Council as local planning authority on 25 October 2023 shall be completed fully in accordance with this approved document within 3 months of the completion of the development hereby approved.

Reason - Because the proposed works affect a building that is within the curtilage of a building which is included in the Statutory List of Buildings of Special Architectural or Historic Interest so careful attention to building work is required to protect the character and appearance of this building in accordance with policies SP1, CC9, EN1, EN 3 and DM1 of the Adopted Core Strategy for the City of Manchester, the Design and Principle of the Guide to Development in Manchester SPD and saved policies DC18.1 and DC19.1 of the Unitary Development Plan for the City of Manchester.
