

SGN-201

The image shows a close-up of a brickwork sample. The bricks are reddish-brown with a rough, textured surface. A dark grey, rectangular anodized sample is placed vertically on the left side of the bricks. A black identification card is placed horizontally in the center, partially overlapping the bricks and the anodized sample. The card has white text that reads 'UNITED ANODISERS LTD', 'Anolok II™ B715', and '01484 533142'. A blue arrow points from the label 'SGN-201' to the top right corner of the anodized sample. Another blue arrow points from the label 'Anodised Sample' to the bottom right corner of the anodized sample.
