Description of the Proposal

Please note in regard to:

- **Fire Statements** - From 1 August 2021, planning applications for buildings of over 18 metres (or 7 stories) tall containing more than one dwelling will require a 'Fire Statement' for the application to be considered valid. There are some exemptions. [View government planning guidance on fire statements](#) or [access the fire statement template and guidance](#).
- **Permission In Principle** - If you are applying for Technical Details Consent on a site that has been granted Permission In Principle, please include the relevant details in the description below.
- **Public Service Infrastructure** - From 1 August 2021, applications for certain public service infrastructure developments will be eligible for faster determination timeframes. See help for further details or [view government planning guidance on determination periods](#).

Description

Please describe details of the proposed development or works including any change of use

Proposal for a single-story ground floor extension and a double-story side extension to provide additional classroom space. The development includes exterior material alterations, the addition of a minaret, conversion and extension of the loft space, landscaped forecourt, and provision of bicycle storage and a bin store with side access.

Has the work or change of use already started?

- ☐ Yes
☒ No

Existing Use

Please describe the current use of the site

Is the site currently vacant?

- ☐ Yes
☒ No

Does the proposal involve any of the following? If Yes, you will need to submit an appropriate contamination assessment with your application.

Land which is known to be contaminated

- ☐ Yes
☒ No

Land where contamination is suspected for all or part of the site

- ☐ Yes
☒ No

A proposed use that would be particularly vulnerable to the presence of contamination

- ☐ Yes
☒ No

Materials

Does the proposed development require any materials to be used externally?

- ☒ Yes
☐ No

Please provide a description of existing and proposed materials and finishes to be used externally (including type, colour and name for each material)

Are you supplying additional information on submitted plans, drawings or a design and access statement?

- ☒ Yes
☐ No

If Yes, please state references for the plans, drawings and/or design and access statement

Design and access and proposed elevations

Pedestrian and Vehicle Access, Roads and Rights of Way

Is a new or altered vehicular access proposed to or from the public highway?

- ☐ Yes
☒ No

Is a new or altered pedestrian access proposed to or from the public highway?

- ☐ Yes
☒ No

Are there any new public roads to be provided within the site?

- ☐ Yes
☒ No

Are there any new public rights of way to be provided within or adjacent to the site?

- ☐ Yes
☒ No

Do the proposals require any diversions/extinguishments and/or creation of rights of way?

- ☐ Yes
☒ No

Vehicle Parking

Does the site have any existing vehicle/cycle parking spaces or will the proposed development add/remove any parking spaces?

- ☐ Yes
☒ No

Trees and Hedges

Are there trees or hedges on the proposed development site?

- ☐ Yes
☒ No

And/or: Are there trees or hedges on land adjacent to the proposed development site that could influence the development or might be important as part of the local landscape character?

- ☐ Yes
☒ No

If Yes to either or both of the above, you may need to provide a full tree survey, at the discretion of the local planning authority. If a tree survey is required, this and the accompanying plan should be submitted alongside the application. The local planning authority should make clear on its website what the survey should contain, in accordance with the current 'BS5837: Trees in relation to design, demolition and construction - Recommendations'.

Assessment of Flood Risk

Is the site within an area at risk of flooding? (Check the location on the Government's [Flood map for planning](#). You should also refer to national [standing advice](#) and your local planning authority requirements for information as necessary.)

- ☐ Yes
☒ No

Is your proposal within 20 metres of a watercourse (e.g. river, stream or beck)?

- ☐ Yes
☒ No

Will the proposal increase the flood risk elsewhere?

- ☐ Yes
☒ No

How will surface water be disposed of?

- ☐ Sustainable drainage system
☐ Existing water course
☐ Soakaway
☐ Main sewer
☐ Pond/lake

Biodiversity and Geological Conservation

Is there a reasonable likelihood of the following being affected adversely or conserved and enhanced within the application site, or on land adjacent to or near the application site?

To assist in answering this question correctly, please refer to the help text which provides guidance on determining if any important biodiversity or geological conservation features may be present or nearby; and whether they are likely to be affected by the proposals.

a) Protected and priority species

- ☐ Yes, on the development site
☐ Yes, on land adjacent to or near the proposed development
☒ No

b) Designated sites, important habitats or other biodiversity features

- ☐ Yes, on the development site
☐ Yes, on land adjacent to or near the proposed development
☒ No

c) Features of geological conservation importance

- ☐ Yes, on the development site
☐ Yes, on land adjacent to or near the proposed development
☒ No

Supporting information requirements

Where a development proposal is likely to affect features of biodiversity or geological conservation interest, you will need to submit, with the application, sufficient information and assessments to allow the local planning authority to determine the proposal.

Failure to submit all information required will result in your application being deemed invalid. It will not be considered valid until all information required by the local planning authority has been submitted.

Your local planning authority will be able to advise on the content of any assessments that may be required.

Biodiversity net gain

Biodiversity net gain is a legal requirement for planning permission introduced on 12 February 2024. All applications are required to either provide detailed information proving there will be a biodiversity increase; or explain why the requirement does not apply to the development.

[Find out more about biodiversity net gain, and access digital tools from our partners that can help determine if you are exempt, or produce the biodiversity metric information required.](#)

Do you believe that, if the development is granted permission, the general Biodiversity Gain Condition (as set out in [Paragraph 13 of Schedule 7A of the Town and Country Planning Act 1990 \(as amended\)](#)) would apply?

- ☐ Yes
- ☒ No

Biodiversity net gain has been introduced as a general condition for planning permission. As set out in [The Environment Act 2021](#): "grants of planning permission in England [are] to be subject to a condition to secure that the biodiversity gain objective is met". Therefore, in England, all planning permissions are generally subject to biodiversity gain rules, unless they are specifically exempt or out of scope.

If you have stated that the biodiversity net gain requirement does not apply to your application you must provide the reason(s) why, and may also need to supply evidence (especially where you believe the application is eligible for the 'de minimis' exemption).

[You can use our partner's free online tool to determine if you are exempt and to produce detailed reasons](#)

Please add all the reasons why biodiversity net gain does not apply and enter a justification for each one

<div>Reason biodiversity net gain does not apply: Retrospective planning permission</div> <div>Please justify the reason why biodiversity net gain does not apply: The building is subject to Biodiversity Net Gain (BNG) requirements as it primarily constitutes an extension of an existing planning permission.</div>

Note: Please read the help text for further information why developments may be exempt or not in scope.

Pre-application Advice

Has assistance or prior advice been sought from the local authority about this application?

- ☒ Yes
☐ No

Details of the pre-application advice received

i. It is noted that the submission references an aspiration to expand facilities within the site. The scope of this expansion and the nature of the activities to be undertaken will need to be fully understood. The proposal will need to demonstrate that the scale and operation of the development can be accommodated within a tightly constrained site adjacent to a busy light controlled junction and without the benefit of off-street car parking.

ii. The surrounding area has notable on street car parking related to both residential and commercial/retail uses. There is concern that the generation of additional vehicular trips to the site may exacerbate on street car parking and potentially adversely affect the operation of the highway. iii. To fully assess associated impacts, a preliminary planning and highways statement should be provided with details of the frequency of various activities to be undertaken, the numbers of related attendees, the types of transportation modes to be utilised and measures to manage the expanded operation of the site.

iv. It is noted that the proposal includes a mortuary. As access would need to be undertaken from a section of highway comprising double yellow lines and a right turn only lane, the arrangements for related servicing should be clarified. v. There would be a significant increase in the amount of built form (proportionate to the scale of existing buildings). There would also be an expansion of activity into the roof space and basement. Submitted comments regarding the extension to the neighbouring cash and carry (at 35-37 Slade Lane) have been noted. However, the proposed development site forms part of a two-storey parade with shared height parameters and a principal building line that defines its relationship to the surrounding context. This relationship is further defined by the adjacent forecourt which provides a setting to the parade. There is concern that the introduction of a ground floor extension would depart from the characteristic relationship between the building and the streetscene. The loss of space would also emphasise the bulk and massing of the enlarged building, which would become a more dominant component of the streetscene.

vi. The development would introduce additional height to the principal elevation through the formation of an upper floor extension projecting above the established eaves line. There is concern that this addition would give the building a disproportionately large appearance in relation to the adjoining No 39 and the wider streetscene. The presence of built form to Crowcroft Road would be significantly changed by the introduction of elevations comprising two storeys to the southern and eastern boundaries. The loss of spaces within and between existing built form would again emphasise the bulk and massing of the development.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff**
- (b) an elected member**
- (c) related to a member of staff**
- (d) related to an elected member**

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Ownership Certificates and Agricultural Land Declaration

Certificates under Article 14 - Town and Country Planning (Development Management Procedure) (England) Order 2015 (as amended)

Please answer the following questions to determine which Certificate of Ownership you need to complete: A, B, C or D.

Is the applicant the sole owner of all the land to which this application relates; and has the applicant been the sole owner for more than 21 days?

- ☒ Yes
☐ No

Is any of the land to which the application relates part of an Agricultural Holding?

- ☐ Yes
☒ No

Certificate Of Ownership - Certificate A

I certify/The applicant certifies that on the day 21 days before the date of this application nobody except myself/ the applicant was the owner* of any part of the land or building to which the application relates, and that none of the land to which the application relates is, or is part of, an agricultural holding**

* "owner" is a person with a freehold interest or leasehold interest with at least 7 years left to run.

** "agricultural holding" has the meaning given by reference to the definition of "agricultural tenant" in section 65(8) of the Act.

NOTE: You should sign Certificate B, C or D, as appropriate, if you are the sole owner of the land or building to which the application relates but the land is, or is part of, an agricultural holding.
