Compliance with conditions

- Your planning approval or consent is attached. It will contain conditions that you must comply with.
- Please read the conditions and understand their requirements and restrictions, for example submission and approval of details or measures to protect trees.

- Whilst every effort has been made to group conditions logically, it is your responsibility to ensure that you are aware of the requirements and/or restrictions of all conditions.
- If you fail to comply with the conditions this may result in a breach of planning control and this may lead to enforcement action.
- Failure to comply with conditions may also result in the development not being lawful.
- It is in your interests to demonstrate that conditions have been complied with. Failure to do so may cause difficulties if the property is sold or transferred.

Condition(s) attached to this decision

1) The development must be begun not later than the expiration of three years beginning with the date of this permission.

Reason - Required to be imposed pursuant to Section 91 of the Town and Country Planning Act 1990.

2) The development hereby approved shall be carried out in accordance with the following drawings and documents:

Location plan and drawings referenced 23-J4526-PL004 and 23-J4526-PL005, received by the City Council as Local Planning Authority on 23 January 2024.

Reason - To ensure that the development is carried out in accordance with the approved plans, pursuant to policies SP1 and DM1 of the Manchester Core Strategy.

3) The materials to be used on the external surfaces of the building, shall match those of the existing building in type, size, colour and texture.

Reason - In the interests of visual amenity, pursuant to policies SP1 and DM1 of the Manchester Core Strategy.

4) The development hereby approved shall only be implemented in accordance with the submitted Waste Management Strategy, as detailed within the submitted strategy pro forma and location plan, received by the City Council as Local Planning Authority on 13 March 2024. The details of the approved scheme shall be implemented as part of the development and shall remain in situ whilst the use or development is in operation.

Reason - In the interests of amenity and public health, pursuant to policies DM1 and SP1 of the Manchester Core Strategy.

5) The use of the first floor hereby approved shall not be operational outside the following hours:

Monday to Friday 06.00 - 20.00 hrs;
Saturdays, Sundays and Bank Holidays 08.00 - 23.00 hrs.

Reason - In interests of amenity, in order to reduce noise and general disturbance in accordance with saved policy DC26 of the Unitary Development Plan for the City of Manchester and policies SP1 and DM1 of the Manchester Core Strategy.

6) Deliveries, servicing and collections, including waste collections shall not take place outside of the following hours:

07.30 to 20.00 hrs Monday to Saturday;
No deliveries/waste collections on Sundays and Bank Holidays.

Reason - To safeguard the amenities of nearby occupiers, pursuant to Policies DM1 and SP1 of the Manchester Core Strategy.

7) a) Any externally mounted ancillary plant, equipment and servicing to be installed shall be selected and/or acoustically treated in accordance with a scheme designed so as to achieve a rating level of 5dB (LAeq) below the typical background (LA90) level at the nearest noise sensitive location. Prior to its installation, the scheme shall be submitted to and approved in writing by the City Council as Local Planning Authority in order to secure a reduction in the level of noise emanating from the site.

b) Prior to any externally mounted ancillary plant, equipment and servicing to be installed becoming operational, an approved verification report shall be submitted to and approved in writing by the City Council as Local Planning authority to validate that the work undertaken throughout the development conforms to the recommendations and requirements in the approved acoustic report. The report shall also undertake post completion testing to confirm that the noise criteria have been met. Any instances of

non - conformity with the recommendations in the report shall be detailed along with any measures required to ensure compliance with the agreed noise criteria.

Reason - To minimise the impact of the development and to prevent a general increase in pre-existing background noise levels around the site, pursuant to saved policy DC26 of the Unitary Development Plan for the City of Manchester and policies DM1 and SP1 of the Manchester Core Strategy.

8) a) In the event of any noise complaints regarding the use of the first floor as a Yoga Studio and Treatment Room being received by Manchester City Council's Environmental Health team, the applicant shall acoustically insulate the premises to limit the break out of noise in accordance with a noise study of the premises and a scheme of acoustic treatment that has been submitted to and approved in writing by the City Council as Local Planning Authority within 3 months of the compliant being received.

b)The scheme shall be implemented in accordance with a timetable agreed in writing by the City Council as Local Planning Authority and a verification report shall be submitted to the Council to validate that the work undertaken conforms to the recommendations and requirements in the approved acoustic consultant's report. The report shall also undertake post completion testing to confirm that acceptable criteria have been met. Any instances of non-conformity with the recommendations in the report shall be detailed along with any measures required to ensure compliance with the agreed noise criteria.

c)Where entertainment noise is proposed the LAeq (entertainment noise) shall be controlled to 5dB below the LA90 (without entertainment noise) in each octave band at the facade of the nearest noise sensitive location, and internal noise levels at structurally adjoined residential properties in the 63HZ and 125Hz octave frequency bands shall be controlled so as not to exceed (in habitable rooms) 47dB and 41dB (Leq,5min), respectively.

Reason - To prevent undue noise and disturbance and to safeguard residential amenity, since the use of the first floor for a commercial use has the potential for noise transfer to adjoining properties and the use of bi-folding doors to the ground floor has the potential for noise break-out, pursuant to saved policy DC26 of the Unitary Development Plan for the City of Manchester and policies DM1 and SP1 of the Manchester Core Strategy.

9) Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) Order 2015 (or any order revoking and re-enacting that Order with or without modification) the first floor shall not be used for any other use purpose other than a 'yoga and treatment room'. No gym equipment or weights shall be in use on the first floor at any time.

Reason - To safeguard residential amenity, pursuant to policies SP1 and DM1 of the Manchester Core Strategy.

Street Naming & Numbering Requirements

Manchester City Council is responsible for allocating street naming and numbering within Manchester for new developments or property conversions. Individuals or businesses are not permitted to allocate their own property numbers, building or street names.

If your development includes the creation of new dwellings (either new build or conversion of existing buildings), creation of new commercial properties or the subdivision of existing properties you must ensure that you request new or changes to addresses through us so they can be officially allocated and registered in accordance with the Public Health Act 1925 Sections 17-19 & Greater Manchester Act 1981 Section 22.

Failure to do this may result in difficulties for the developer/occupier when requiring services such as connections to utilities, phone lines and postal services and may delay your development.
