Description of the Proposal

Please note in regard to:

- **Fire Statements** - From 1 August 2021, planning applications for buildings of over 18 metres (or 7 stories) tall containing more than one dwelling will require a 'Fire Statement' for the application to be considered valid. There are some exemptions. View government planning guidance on fire statements or access the fire statement template and guidance.
- **Permission In Principle** - If you are applying for Technical Details Consent on a site that has been granted Permission In Principle, please include the relevant details in the description below.
- **Public Service Infrastructure** - From 1 August 2021, applications for certain public service infrastructure developments will be eligible for faster determination timeframes. See help for further details or view government planning guidance on determination periods.

Details of the pre-application advice received

Hello Mohammed,
Thank you for your email. I apologise for the delay in providing comments.
The proposed has been assessed with reference to the siting and height of neighbouring built form, including houses on Buller Road.
There is some concern that the development would introduce a significant amount of additional built form over two storeys to the western elevation. The impact of new built form would be exacerbated by the loss of open space adjacent to the western boundary, which currently provides a setting to the building. It is recommended that consideration be given to the retention of a greater degree of open space to the front of the building and a graduated increase in height within the front elevation, terminating at the parapet detail.
The formation of an external balcony area also presents concern as it may adversely impact on the privacy of residents on the western side of Beresford Road. It is recommended that this feature is omitted form the proposal.
It is acknowledged that the two-storey side extension (southern) has been informed by the siting of the existing single storey side extension and its proposed flat roof has been related to the two storey eaves. However, the additional height would have and impact of the appearance of the streets and the relationship of built form to houses fronting Buller Road. To reduce the impact on the building line, it is recommended that the two-storey extension terminates at the eastern end of the existing single storey extension. This approach would allow a clear transition between non- residential and residential built form to be expressed and would be potentially beneficial to residential amenity and the appearance of the streetscene.
The incorporation of flats roofs and the use of indicative materials would be appropriate.
The following comments relate to the design of the proposed development. Should the proposals be developed further, it may be helpful to have a discussion regarding the management of construction and the future operation of the enlarged building. Notwithstanding the above,
The design should incorporate arrangements for waste management at its initial stage. The guidance accessed via the following link may be helpful:
http://www.manchester.gov.uk/info/500207/planning_and_regeneration/1962/additional_planning_guidance/3
The above advice is related to the information available to the City Council at this time. This advice may be subject to alteration as a result of consultation or if further information is brought to the attention of the City Council, which materially affects the consideration of this matter.
I hope that the above is helpful.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:
(a) a member of staff
(b) an elected member
(c) related to a member of staff
(d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

◯ Yes
⊘ No

Ownership Certificates and Agricultural Land Declaration

Certificates under Article 14 - Town and Country Planning (Development Management Procedure) (England) Order 2015 (as amended)

Please answer the following questions to determine which Certificate of Ownership you need to complete: A, B, C or D.

Is the applicant the sole owner of all the land to which this application relates; and has the applicant been the sole owner for more than 21 days?

⊘ Yes
◯ No

Is any of the land to which the application relates part of an Agricultural Holding?

◯ Yes
⊘ No

Certificate Of Ownership - Certificate A

I certify/The applicant certifies that on the day 21 days before the date of this application nobody except myself/ the applicant was the owner* of any part of the land or building to which the application relates, and that none of the land to which the application relates is, or is part of, an agricultural holding**

*** "owner" is a person with a freehold interest or leasehold interest with at least 7 years left to run.**

**** "agricultural holding" has the meaning given by reference to the definition of "agricultural tenant" in section 65(8) of the Act.**

NOTE: You should sign Certificate B, C or D, as appropriate, if you are the sole owner of the land or building to which the application relates but the land is, or is part of, an agricultural holding.
