Description of Proposed Works

Please describe the proposals to alter, extend or demolish the listed building(s)

The works proposed by the LAN and Wi-Fi Development Project have been designed in lieu of Manchester City Councils Heritage and Urban Design team mitigating the risk of causing irreparable damage to The Stables to the North-West of Heaton Hall's historic fabric. Works causing aesthetically harmful or fabric-compromising damage precludes the installation of network equipment. The installation of Wi-Fi access points and the requisite cabling will require drilling one 20mm and two 10mm holes in the stable's walls. These penetrations are intended to allow for the replacement and expansion of the existing Cat5a wired network with a Cat6a network. Wi-Fi access points are to be positioned in 6 locations across the site with 5 mounted via a steel bracket and 1 using industrial Velcro due to its sensitive positioning. Steel brackets have been decided upon as the principal mounting method for access points due to their invisibility once an AP has been fixed, their longevity and the minimal damage caused by their installation. Each Steel Bracket will require the use of three screws with a length of 19mm and a diameter of 4mm. Plans detailing the exact locations of the access points, cable runs and drills as well as their installation methods and statements regarding their heritage impact are provided in the accompanying documents with reference to the photographic method statement.

Has the development or work already been started without consent?

- ☐ Yes
☒ No

Listed Building Grading

What is the grading of the listed building (as stated in the list of Buildings of Special Architectural or Historical Interest)?

- ☐ Don't know
☐ Grade I
☐ Grade II*
☒ Grade II

Is it an ecclesiastical building?

- ☐ Don't know
☐ Yes
☒ No

Demolition of Listed Building

Does the proposal include the partial or total demolition of a listed building?

- ☐ Yes
☒ No

Related Proposals

Are there any current applications, previous proposals or demolitions for the site?

- ☐ Yes
☒ No

Immunity from Listing

Has a Certificate of Immunity from Listing been sought in respect of this building?

- ☐ Yes
☒ No

Listed Building Alterations

Do the proposed works include alterations to a listed building?

- ☒ Yes
☐ No

If Yes, do the proposed works include

a) works to the interior of the building?

- ☒ Yes
☐ No

b) works to the exterior of the building?

- ☐ Yes
☒ No

c) works to any structure or object fixed to the property (or buildings within its curtilage) internally or externally?

- ☐ Yes
☒ No

d) stripping out of any internal wall, ceiling or floor finishes (e.g. plaster, floorboards)?

- ☐ Yes
☒ No

If the answer to any of these questions is Yes, please provide plans, drawings and photographs sufficient to identify the location, extent and character of the items to be removed. Also include the proposal for their replacement, including any new means of structural support, and state references for the plan(s)/drawing(s).

a) The detailed low level plan for the proposed works within The Former Stables to the North-West of Heaton Hall can be referenced using the photographic method statement which allows for the identification of the exact location of all proposed alterations to the buildings interior. The alterations are insufficient to cause any structural harm to the building, rather, the permanent alterations will involve only the drilling of 10mm and 20mm holes, wherever possible utilizing existing infrastructure and modern fabric to minimize the impact upon the buildings historic fabric.

Materials

Does the proposed development require any materials to be used?

- ☒ Yes
- ☐ No

Please provide a description of existing and proposed materials and finishes to be used (including type, colour and name for each material) demolition excluded

Type:
Other

Other (please specify):
SDA Access Point

Existing materials and finishes:
There are currently access points within the building alongside similar devices. Precedent for the installation of SDA devices exists in the form of access points, fire alarms and electronics fixtures spread throughout the building. These ensure that the installation of access points will not fundamentally alter the buildings character.

Proposed materials and finishes:
The device is encased in a white plastic casing, this will be the material visible when affixed to the wall. As the material is neutral in colour and matches the material and finish of existing devices affixed to the walls and ceiling of the stables. Therefore the device will blend with the surrounding décor, whilst retaining a level of visibility conducive to practically maintaining and operating an internal wide area network.

Are you supplying additional information on submitted plans, drawings or a design and access statement?

- ☒ Yes
- ☐ No

If Yes, please state references for the plans, drawings and/or design and access statement

Additional information can be found throughout the Photographic Method Statement and Heritage Asset Statement.

Neighbour and Community Consultation

Have you consulted your neighbours or the local community about the proposal?

- ☐ Yes
- ☒ No

Site Visit

Can the site be seen from a public road, public footpath, bridleway or other public land?

- ☒ Yes
- ☐ No

If the planning authority needs to make an appointment to carry out a site visit, whom should they contact?

- ☒ The agent
- ☐ The applicant
- ☐ Other person

Pre-application Advice

Has assistance or prior advice been sought from the local authority about this application?

- ☒ Yes
- ☐ No

If Yes, please complete the following information about the advice you were given (this will help the authority to deal with this application more efficiently):

Officer name:

Date (must be pre-application submission)

08/02/2024

Details of the pre-application advice received

Advice was given on several matters relating to the planning of works for The Former Stables to the North-West of Heaton Hall. Firstly, advice was given on the discreet positioning of AP's and the creative use of existing features to hide cabling, minimizing the impact upon the stables appearance. Secondly, the means by which access points are affixed or positioned in a room (via steel bracket, industrial Velcro or stand) has been heavily informed by the Heritage and Urban Design team. Furthermore, the use of steel or copper trunking when routing cables is, as advised, to be used wherever possible. Lastly, the location and number of drills have been reviewed in lieu of the Heritage and Urban Design Team to discern a balance between equipping the building with a functional and fit for purpose Wi-Fi solution and the preservation of the buildings historic fabric. All suggestions were taken into use and are reflected in the considerate and measured approach to alterations as a result of the proposed works.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- ☐ Yes
- ☒ No

Ownership Certificates

Certificates under Regulation 6 - Planning (Listed Buildings and Conservation Areas) Regulations 1990

Please answer the following questions to determine which Certificate of Ownership you need to complete: A, B, C or D.

Is the applicant the sole owner of **all** the land to which this application relates; **and** has the applicant been the sole owner for more than 21 days?

- ☒ Yes
- ☐ No

Certificate Of Ownership - Certificate A

I certify/The applicant certifies that on the day 21 days before the date of this application nobody except myself/the applicant was the owner (owner is a person with a freehold interest or leasehold interest with at least 7 years left to run) of any part of the land or building to which the application relates.

☒ Declaration made

Declaration

I/We hereby apply for Listed building consent as described in the questions answered, details provided, and the accompanying plans/drawings and additional information.

I/We confirm that, to the best of my/our knowledge, any facts stated are true and accurate and any opinions given are the genuine opinions of the person(s) giving them.

I/We also accept that, in accordance with the Planning Portal's terms and conditions:

- Once submitted, this information will be made available to the Local Planning Authority and, once validated by them, be published as part of a public register and on the authority's website;

- Our system will automatically generate and send you emails in regard to the submission of this application.

☒ I / We agree to the outlined declaration

Signed
