Description of the Proposal

Please note in regard to:

- **Fire Statements** - From 1 August 2021, planning applications for buildings of over 18 metres (or 7 stories) tall containing more than one dwelling will require a 'Fire Statement' for the application to be considered valid. There are some exemptions. [View government planning guidance on fire statements](#) or [access the fire statement template and guidance](#).
- **Permission In Principle** - If you are applying for Technical Details Consent on a site that has been granted Permission In Principle, please include the relevant details in the description below.
- **Public Service Infrastructure** - From 1 August 2021, applications for certain public service infrastructure developments will be eligible for faster determination timeframes. See help for further details or [view government planning guidance on determination periods](#).

Description

Please describe details of the proposed development or works including any change of use

It is proposed to redevelop part of the existing building see attached plans 00- CGL Existing, Historically the building has been used 035829 (planning) from 1990 a church hall to a manufacture of kitchens.

In 2016 Music stuff rented the Domaine and operated under Manchester Secondary PRU operating as an Ofsted registered educational environment on behalf of Manchester Council until August 2023. The domain remains vacant. It is assumed that this change was accepted under Sui Generis.

As this building falls withing Class E as do all Doctors and clinical settings its requested that this be granted. However the only physical changes to the building will be the addition of windows to the north elevation. Change grow live Charity Registration (1079327), in partnership with Department of Public Health Manchester, have identified the need to expand CGL's services within the Beswick and Clayton area. The above location was identified as ideal for the following reasons. Locality Community and accessibility by public transport. CGL provide Substance misuse support to the Department of Public health, it is therefore a requirement that the services from the building reflect the local need. As can be seen on the attached plans, we will create two CQC/NHS standard clinic rooms will be formed. As will several meeting rooms and offices. This building is ideally suited for DDA accessibility, as all CGL's provisions will be on the ground floor, it is planned to open all existing door apertures to DDA access. All works will be undertaken in accordance with CDM 15 and under the direction where required by Building Control. Proposed plans are attached.

We also have Clinical waste removal contracts for any waste. General and recyclable waste will be located as indicated on the plans. Due to the size of the service we will have an internal clinical waste store.

Its been agreed with the Department of Public Health that CGL Clayton Street, Manchester is an ideal location for engaging with the local community and other Charities that are in partnership with the Resonance Centre. Public Sector Sourcing lends greater emphasis on Social value local community.

Provision of Natural Light.

See attached plans 07 Existing rear elevation and 08- proposed rear elevation.As can be seen from the plans windows are planned to be reinstalled at the rear elevation, sometime in the buildings history these apertures were blocked up.

This will allow for greater natural light into the building.

Verbal and written agreement has already been received from the neighboring property Church of the Cross.

Has the work or change of use already started?
