Description

Please describe details of the proposed development or works including any change of use

The proposed scheme seeks to enhance the external public realm to the entrance of Ronald McDonald House.

It is intended for this open area to be known as the Garden of Reflection. It is proposed to redesign the existing hard and soft landscaping areas, providing seating/screens and a central podium feature which will provide a reference point acknowledging former hospitals (Old St Mary's, Booth Hall, Pendlebury) and the current RMCH.

This will be a safe place for families and friends of patients (former and current) to spend time reflecting but also provides an opportunity for children currently being treated to enjoy being outdoors.

There is no intended change of use.
