Storage Areas for Waste Containers (Residential and Commercial)

Please provide details of container stores, attaching plans if appropriate.

Each property is to have its own general waste & a pulpable recycling bin, these are to be stored in the rear of each property & then moved to the kerb edge on the evening before or the morning of each collection date. The bins will then be returned to the storage area after collection.

Ensure all bins in the store are accessible	☒
Ensure recycling facilities are as easy to access as general refuse	☒

Please confirm details of waste store ventilation and hygiene / cleaning proposals

Ventilation -	Kept outside within the natural environment.
Hygiene -	The property owner will be responsible for the cleaning of their own bin through themselves or a 3rd party bin cleaning company.

Please provide details of who will be responsible for placing the bins at the collection point and returning them to the store / property promptly e.g., resident / management company

Each resident will be responsible for the putting out of their own bin & returning after collection.

Please ensure that you have attached:

Detailed plans of bin stores	☒
Location plans showing stores	☒
Location plans showing the proposed collection point and the route the collection vehicle will take (please refer to the Road, Vehicle and Waste Operative Access Specification – paying particular attention to turning space and reversing)	☒
