

Notes:

- Setting out of plinths and external cladding line of roof based on survey information from Survey Solutions and post strip out survey of plinth locations by ACS. There are discrepancies between alignment of surveys. All setting out to be checked on site prior to manufacture/ construction.

Drawing of existing layout of roof to be used at own risk.

Key

Existing Plant Plinth

The sizes and positions of existing plinths are based on post strip out survey of plinth by ACS. Discrepancies on alignment with original roof survey by Survey Solutions.

Alignment of gutter from ACS check dims.

Discrepancy in alignment of gutter between Survey systems pre strip out survey and ACS check dimensions to cladding line. To be checked on site prior to installation of M&E plant equipment.

Existing Roof Plan

1 : 100 @ A1
