Angela,

Application number: 137196/FO/2023

Proposal: Replacement of combustible cladding and other associated fire remediation works.

Location: 56 High Street, Manchester, M4 1ED,

Metrolink have no objection to this application.

The scaffolding required to facilitate these works has already been agreed and installed with Metrolink's knowledge under electrical isolations.

Providing that all of the proposed works for replacing the façade panels are carried out within the scaffolded area Metrolink have no further comments to make. However, should the applicant need to undertake any works or manoeuvre equipment or materials outside of this area he should make contact with Metrolink using the contact details that can be found in the working safely near Metrolink document at; <https://www.tfgm.com/public-transport/tram/working-safely> and agree a safe method of working adjacent to the Metrolink Hazard Zone.

Regards

Lynda
