Commenter Type:	Business
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	As the representative of the Lindale House Management Company, the management company of Lindale House that is adjacent to the proposed fencing I am objecting to this application on the basis it is unnecessary and degrading to the residential areas bordering it. The college has operated for years without any need to build what is an almost prison like wall structure around itself. An existing wooden fence separates the college from the back garden of Lindale House and I see no need for this additional fencing.

Kind regards
